HAPPINESS IS — To Emmett Kelly Jr., the world's most photographed clown, and Peggy Mayo, Miss Pumpkin Show 1968, happiness is the 1969 Pumpkin Show which gets underway 2 p.m. Wednesday. Kelly will be in Roundtown for the big event through the courtesy of Eastman-Kodak. Miss Mayo will relinquish her crown as queen of show Wednesday.

Red Cosmonauts Continue Work In Earth Orbit

MOSCOW (AP) — The Soviet Union's seven orbiting cosmonauts went ahead with their assigned program today. Tass announced, but there was no indication of plans for the linkup of spaceships that is expected.

The Soviet news agency said that by 8:30 a.m., "all the cosmonauts had morning exercises, made a medical checkup of each other, and then had breakfast."

Col. Vladimir Shatalov, commander of the three space ships, "reported that after the night's rest the cosmonauts are feeling fine."

"After the checking of the board systems of the space ships," the announcement continued, "the cosmonauts started fulfilling the program of the regular day of flight."

Tass did not say what that program was. But the seven cosmonauts, the largest number

Vandals Release 3,000 Hamsters

CAMBRIDGE, Mass. (AP) — Vandals released some 3,000 hamsters in the Bio-Research Institute Monday, destroying years of research into medical problems.

A spokesman said that while most of the hamsters could be recaptured, it would be impossible to match the individuals up with the records on them and their ancestry.

The spokesman said the hamsters will have to be destroyed and a fresh start made if the work is to go on. The institute is supported by grants.

Ice-Age Trees May Be Saved For State Park

Donations Sought To Save Stand Of 1,500 Trees

LA JOLLA, Calif. (AP) — On the rocky slopes between Del Mar and La Jolla cling 6,000 Torrey pines, among the last survivors of a line that has come down almost unchanged from the ice age.

With less than four months to be successful, the Torrey Pine Association is seeking \$300,000 to save 1,500 of the trees by adding their habitat to a state park.

If the campaign fails, the 173 acres involved may fall to the bulldozers of commercial real estate developers.

The world's only other known stand of the rare but rugged pines, with their strange 12-inch leaves, is on the island of Santa Rosa near Santa Barbara.

Ed Butler, former San Diego city attorney who heads the Save-the-Torreys Campaign, said the \$300,000 represents the last third of a \$900,000 goal which must be met to gain a state matching offer of \$900,000.

A January deadline was set by Ed Fletcher Co., owner of a key 78-acre parcel of pines, which is selling its holdings to private developers. The Fletcher Co. has given \$100,000 in cash to the fund drive, provided a state park is formed.

Major contributors in addition to the Fletcher firm have included individuals who donated land and an access road valued at nearly \$500,000. Some small contributions also have been made in the drive, which began two years ago.

Torrey pines, once abundant, survive on rocky terrain by sending roots as far as 200 feet from the main stem and 15 feet into sandstone. A few grow stunted on cliffs whined constantly by winds which average 54 miles an hour. Others shelter in ravines.

About half grow on land owned privately. Approximately 1,500 of these are on the land the conservationists want added to the existing Torrey Pines State Park reserve.

Bitter-Cold Weather Hits Rockies Area

By THE ASSOCIATED PRESS

Bitter-cold weather clung to the northern and central Rockies today and sent a wave of topcoat temperatures across much of the plains and Midwest.

The mercury fell near zero for the second night in a row in parts of Colorado and Wyoming, where a weekend storm dumped nearly a foot of snow. Freezing weather ranged eastward through the central Midwest and south to the Texas Panhandle.

Light snow dusted the Lake Superior region as the out-of-season storm rolled into southern Canada.

Heavier snow blanketed portions of the Far West during the night. Two inches fell at Lakeview, Ore. Flurries sifted into mountain areas along the California-Oregon line.

In contrast, unseasonable mild weather dominated the East, where high temperatures in the 80s were widespread Monday.

Shortly before the moon pioneers landed at London Airport aboard President Nixon's personal jet, a spokesman for the American Embassy said the doctors had ordered Neil A. Armstrong, Edwin E. Aldrin and Michael Collins to "slow down." They are half way through their 22-nation, 38-day world tour.

Light rain dampened an area from Florida to New York. Temperatures before dawn ranged from 8 at Laramie, Wyo., to 78 at Key West, Fla.

B52s Hammer Viet Reds In Camps Near Border

Nixon Plans Viet Report Nov. 3

President Nixon, after saying again he will not allow Wednesday's blossoming Vietnam moratorium movement to influence his policy, has announced he will speak to the nation early next month on the course of the war.

The announcement of the Nov. 3 address came Monday only a few hours after the White House made public a letter on which Nixon told a Georgetown University student there will be no change in Vietnam course

"merely because of a public demonstration."

Still, the timing of the speech announcement and the way in which the letter was released caused considerable surprise.

It is rare that a planned presidential speech is announced three weeks in advance. And it is even rarer that the White House releases contents of a presidential letter to a private individual—the usual procedure being to let the recipient announce the contents.

In saying Nixon would discuss the entire Vietnam situation Nov. 3 "as it exists at that time," the White House noted the speech would come just about a year after former President Lyndon B. Johnson ordered an end to U.S. bombing of North Vietnam.

Thus, the White House said, early November would be a good time for a major discussion of the war.

While Nixon continues to insist he won't allow "his course

to be swayed by those who demonstrate," it is growing more and more apparent the moratorium has grown far beyond the scope of the student-organized concept.

Instead of a day in which students would demonstrate their opposition to the war by staying away from classes for a day, the movement has spread to include nearly every facet of the nation's life.

Leaders of the four-million (Continued on Page 2)

Part Of Drive To Blunt Next Enemy Moves

SAIGON (AP) — About 35 U.S. B52 bombers unloaded more than 1,000 tons of bombs on two enemy regiments reorganizing in base camps along the Cambodian border 93 to 100 miles northeast of Saigon, military spokesmen reported today.

The bombing raids were part of the allied campaign to blunt the winter-spring campaign which U.S. experts expect the Viet Cong and North Vietnamese to launch next month.

Regiments of the 3th Viet Cong Division were reported reorganizing and refitting in the camps hit Monday night and early Tuesday. Allied intelligence says elements of four enemy divisions are in camps along the Cambodian border, preparing for the next offensive.

Allied communiques again reported only small, scattered ground actions as the lull in the war continued in its sixth week.

Two Americans and 10 enemy soldiers were reported killed and seven Americans wounded in three clashes. American pilots said they counted 14 more enemy bodies after an attack by helicopter gunships and bombs. (Continued on Page 2)

Roundtown

A RECORD temperature may well have been established Monday in Roundtown when the mercury soared to a hot 85 degrees while rural area thermometers registered 87 degrees. Rain, preceded by gusty winds brought a 36 degree drop in temperatures overnight to a low 49 reading.

For Pumpkin Show exhibitors the local weather observer has some good news and some bad. The good news is that the 63rd annual Pumpkin festival will open under sunny skies.

The bad news is that possible frost warnings may be issued later today. Flowers, fruit and vegetable exhibitors should remain alerted to the current weather conditions.

CIRCLEVILLE City Schools will dismiss early Wednesday and remain closed for Pumpkin Show it was announced today by Fritz Jacobs, city superintendent.

The elementary schools will dismiss at 12:50 p.m. The junior and senior high schools will dismiss at 1:30 p.m. Wednesday afternoon, Thursday and Friday, the city students can enjoy the "Punkin Fair." Then on Monday, it's back to the daily grind.

County Schools will dismiss Friday for the Pumpkin Show, according to George D. Mc-

Think Soviets Have Set Off New Atom Blast

VIENNA (AP) — Vienna's Central Institute for Meteorology and Geodynamics today reported that the Soviet Union apparently had set off an underground nuclear explosion.

The institute said it registered the explosion at 3:06 a.m. EDT. It said the blast was set off six minutes earlier, apparently on the arctic island of Novaya Zemlya, the Soviet testing area for underground explosions.

The blast registered a force of 6.2 on the Richter scale in Vienna, and 6.3 at the Uppsala (Sweden) Seismological Institute. Prof. Markus Bath, director of the Uppsala Institute, said such tests had been registered every fall since 1966 and the last one picked up, on Nov. 7, 1968, had a strength similar to that registered today.

In Washington, the U.S. Atomic Energy Commission said it knew nothing about the explosion.

Police Expect Only Minor Trouble During Viet Day

By THE ASSOCIATED PRESS

State, city and campus police officials say they expect little trouble from antiwar protests set for Wednesday. Some cities will have extra police on traffic duty, but mostly it will be "business as usual."

"I am most concerned with the traffic problem if they are going to do this thing during rush hour," Cleveland Police Chief Patrick L. Gerity said of the moratorium day protests. He said there would be no special mobilization.

In Albuquerque, N.M., Police Chief Paul Shaver said, "We are increasing our force

Wednesday just like we would when there is a regular parade. We don't expect any problems from the group."

But 250 New Mexico state policemen will be on standby alert from tonight until midnight Wednesday, Chief Joe Black said.

Police Chief Ray Delner of Sacramento, Calif., said, "We're cooperating with them as much as we can. We will give them all the assistance we can and hope that it will be a peaceful demonstration."

At the University of Chicago, a school spokesman said, "We have done nothing about security. We have no fears whatsoever."

Police Chief William Beale at the University of California at Berkeley said he expected "nothing unusual" and was scheduling a normal shift of 20 men.

In Salt Lake City, extra police

will be on traffic duty for a downtown parade. Campus police at the University of Utah plan to have some plainclothesmen attend a teach-in. Campus police at Brigham Young University in Provo, Utah, will be on standby alert.

In San Antonio, Tex., "a few reserves" will be on standby, but Police Chief George Bichsel said, "The antiwar group here so far has been pretty orderly."

At St. Louis University, chief of security Kenneth Neiters said, "There is no cause to consider increasing security measures here because we believe the activities of the day will be peaceful."

All days off for Memphis police were canceled last week after racial disorders, and the men will continue to report to work in riot gear. But a police spokesman said there would be only routine policing of moratorium activities in Overton Park.

South Koreans Sink Spy Boat

Think 20 Koreas Lost With Ship

SEOUL (AP) — The South Koreans reported sinking a North Korean infiltration ship with about 20 North Koreans aboard early today after a fierce battle off the southwest coast. All hands presumably went down with the ship, the South Koreans said.

The Defense Ministry said its forces—a destroyer escort and several jet fighters—returned unharmed. The sinking occurred near the Juksan Islands, 260 miles southwest of Seoul.

A spokesman said the ship, believed on a mission to land saboteurs on the coast, had a high-speed metal hull and a deceptive superstructure like that of a fishing boat. He said it was a 75-tonner, a class which usually carries 20 crewmen and is capable of doing 40 knots.

Armament of the ship included an 82mm recoilless gun, two rocket launchers, two 14.5mm antiaircraft guns and 15 machine guns.

It was the third infiltration ship from the north reported seized or sunk by the South Koreans within a month off the south and west coasts. Another infiltration vessel escaped after sinking a police patrol boat.

The Defense Ministry said the infiltration ship fired on the South Korean destroyer escort after being challenged, then fled north in the Yellow Sea. A nine-hour chase ensued.

The North Koreans put up heavy resistance when the destroyer escort and several F5A Freedom Fighters caught it. It went down in deep waters, which ruled out recovery of the wreckage, a spokesman said.

McCarthy Backer Architect Of Vietnam Moratorium Day

WASHINGTON (AP) — When it was all over and Gene McCarthy had been whipped and the bitter young people had gone home, Sam Brown remembered.

The triumphs and errors of the unforgettable 1968 youth for McCarthy crusade became, for Brown, lessons for the future. Today—perhaps the busiest man in Washington—he's putting them to work.

Brown, the 26-year-old Harvard Divinity School dropout, is chief architect of Wednesday's Vietnam moratorium, a nationwide demonstration of pacifist sentiment that has far outstripped his original dream.

As the first day of the moratorium draws near, Brown remains a little island of cool in a crowded, teeming office that is about as organized as a kindergarten fire drill.

So busy are Brown and his fellow coordinators, David Mixner, David Hawk, and Marge Skene, that the word is up on the office bulletin board: Except for urgent business, they are "out" to all callers.

Brown, a native of Council Bluffs, Iowa, has grown a cinnamon colored mustache since his old "clean for Gene" days. He is serious but not pompous, soft-spoken but not shy.

He was a Kennedy fellow at Harvard last spring when his imagination was attracted by the idea, proposed by a Massachusetts peace group, of setting a deadline for getting out of Vietnam and using the threat of a nationwide strike as a weapon.

Concluding this would be impossible to pull off, Brown conceived the idea of a one-day peaceful pause in business as usual across the nation. He began calling friends and others who had helped in the McCarthy campaign.

Fluoridation Law Faces Court Test

COLUMBUS, Ohio (AP) — A court test apparently is in the making for the mandatory water fluoridation law, which becomes effective Nov. 17.

Dr. Jonathan Forman of Columbus, an opponent of mandatory fluoridation, says a suit is being prepared by northern Ohio attorneys to challenge the law on constitutional grounds.

Forman said the law, which would permit a local referendum on fluoridation, does not provide for persons living outside a municipality to vote on the issue.

Concluding this would be impossible to pull off, Brown conceived the idea of a one-day peaceful pause in business as usual across the nation. He began calling friends and others who had helped in the McCarthy campaign.

7 Persons Are Killed In Crashes

By THE ASSOCIATED PRESS

A Henry County couple died in an accident near their home and two persons were killed in separate accidents in Columbus, helping swell the state's traffic toll since late Monday to at least seven.

The dead: NAPOLEON — Harmon Herr, 81, Liberty Center, when his car collided with a Henry County dump truck Monday at a rural intersection. His wife, Ollie, 76, died early this morning in Bowling Green's Wood County Hospital.

COLUMBUS — Thomas Schoolcraft, 29, Columbus, when his truck and a station wagon collided Monday at a Columbus intersection.

CHARDON — Alan Earsl, 16, Chardon, when he was struck by a car while trying to bicycle across U.S. 6 just east of Chardon.

ELYRIA — Betty Ambrosio, 42, Elyria, died late Monday after being struck by a car on North Ridge Road in Lorain County.

NORTON — An unidentified teenager killed in a two-car accident early today in Norton, southwest of Akron.

Silent Plane Being Tested

SUNNYVALE, Calif. (AP) — A new plane designed to glide noiselessly over enemy lines at night for close observation is being tested by Lockheed Missiles & Space Co. under contract with the Army, which wants to use it in Vietnam.

Lockheed, which has been flying the Y03A powered glider in California for several months, broke a long secrecy Monday on some details of its construction.

Essentially a glider with a 210-horsepower Continental engine, the Y03A carries two men, with the pilot seated in the rear of a cockpit covered by a bubble-shaped canopy.

The Y03A, a modified Schweizer sailplane, has a 57-foot wingspread for its 30-foot length, and thus needs relatively little power for long flights.

Fiberglass is used in streamline design, along with a six-bladed wooden propeller and noise-muffling devices on the engine. This makes the plane extremely light and quiet in operation, a Lockheed spokesman said.

Conlisk, Turner Battle Over Gun Turnover

WASHINGTON (AP) — Looking back on it, the Army's former top policeman concedes he did wrong in signing a receipt saying some guns he received from Chicago authorities were for Army use.

Retired Maj. Gen. Carl C. Turner, former provost general of the Army, gave the testimony Monday about weapons which he has said he took for his own use after signing the receipts.

"Did you think as a general you did the right thing?" asked Sen. Karl Mundt, R-S.D. "You knew you signed something patently false, wasn't it wrong?" "This is hindsight," said Turner.

The senators still haven't questioned Turner about allegations he whitewashed an investigation into graft at noncommissioned officers clubs.

During two weeks of testimony witnesses have told the senators about the skimming of thousands of dollars from the service club slot machines in Germany and kickbacks to club managers in Vietnam.

Now it will be late in the month before the senators can probe that area. The hearing was recessed after Monday's session for two weeks because of other commitments by the senators.

The questioning Monday switched back and forth from the senators to Turner and Chicago Police Supt. James E. Conlisk Jr.

Turner denied or did not recall many critical accusations made against him.

The retired general said Conlisk knew the weapons were for personal use. Separately, Turner said some of the weapons had been sold.

Sen. Abraham Ribicoff, D-Conn., asked Conlisk, "Did Turner tell you these were not for the Army?"

"He did not sir," Conlisk answered.

Conlisk also denied he had told the general, as Turner had testified earlier, "Well, this is the way we clear our records" referring to signing the receipts.

"His statement is incorrect," Conlisk said.

Turner was asked if he wanted to change his testimony.

Turner answered that Conlisk's testimony "is highly inaccurate."

In another exchange, Conlisk said Turner had called him twice after Internal Revenue Service agents had looked into the gun receipts and "asked that I order the receipts of the transfer of the weapons to him

destroyed. I informed Gen. Turner that this would not be done."

Mundt asked Turner, "Did you ask him specifically to destroy the receipts?"

"I do not recall specifically asking to destroy receipts," Turner answered.

"... You do not want to say the superintendent is wrong?" Mundt asked.

"Nor could I confirm it," Turner said.

"It would be in your interest to deny it," Mundt said.

"Sir, I'm under oath," Turner said to laughter.

Clear And Cool

Clearing, cool tonight. Sunny, cool Wednesday. High today, 57-59. Low tonight, 36-39. High Wednesday, near, 60. High yesterday, 85; low, 49.

In Albuquerque, N.M., Police Chief Paul Shaver said, "We are increasing our force

Wednesday just like we would when there is a regular parade. We don't expect any problems from the group."

But 250 New Mexico state policemen will be on standby alert from tonight until midnight Wednesday, Chief Joe Black said.

Police Chief Ray Dehner of Sacramento, Calif., said, "We're cooperating with them as much as we can. We will give them all the assistance we can and hope that it will be a peaceful demonstration."

At the University of Chicago, a school spokesman said, "We have done nothing about security. We have no fears whatsoever."

Police Chief William Beale at the University of California at Berkeley said he expected "nothing unusual" and was scheduling a normal shift of 20 men.

In Salt Lake City, extra police

will be on traffic duty for a downtown parade. Campus police at the University of Utah plan to have some plainclothesmen attend a teach-in. Campus police at Brigham Young University in Provo, Utah, will be on standby alert.

In San Antonio, Tex., "a few reserves" will be on standby, but Police Chief George Bichsel said, "The antiwar group here so far has been pretty orderly."

At St. Louis University, chief of security Kenneth Neiters said, "There is no cause to consider increasing security measures here because we believe the activities of the day will be peaceful."

All days off for Memphis police were canceled last week after racial disorders, and the men will continue to report to work in riot gear. But a police spokesman said there would be only routine policing of moratorium activities in Overton Park.

South Koreans Sink Spy Boat

Think 20 Koreas Lost With Ship

SEOUL (AP) — The South Koreans reported sinking a North Korean infiltration ship with about 20 North Koreans aboard early today after a fierce battle off the southwest coast. All hands presumably went down with the ship, the South Koreans said.

The Defense Ministry said its forces—a destroyer escort and several jet fighters—returned unharmed. The sinking occurred near the Juksan Islands, 260 miles southwest of Seoul.

A spokesman said the ship, believed on a mission to land saboteurs on the coast, had a high-speed metal hull and a deceptive superstructure like that of a fishing boat. He said it was a 75-tonner, a class which usually carries 20 crewmen and is capable of doing 40 knots.

Armament of the ship included an 82mm recoilless gun, two rocket launchers, two 14.5mm antiaircraft guns and 15 machine guns.

It was the third infiltration ship from the north reported seized or sunk by the South Koreans within a month off the south and west coasts. Another infiltration vessel escaped after sinking a police patrol boat.

The Defense Ministry said the infiltration ship fired on the South Korean destroyer escort after being challenged, then fled north in the Yellow Sea. A nine-hour chase ensued.

The North Koreans put up heavy resistance when the destroyer escort and several F5A Freedom Fighters caught it. It went down in deep waters, which ruled out recovery of the wreckage, a spokesman said.

McCarthy Backer Architect Of Vietnam Moratorium Day

WASHINGTON (AP) — When it was all over and Gene McCarthy had been whipped and the bitter young people had gone home, Sam Brown remembered.

The triumphs and errors of the unforgettable 1968 youth for McCarthy crusade became, for Brown, lessons for the future. Today—perhaps the busiest man in Washington—he's putting them to work.

Brown, the 26-year-old Harvard Divinity School dropout, is chief architect of Wednesday's Vietnam moratorium, a nationwide demonstration of pacifist sentiment that has far outstripped his original dream.

As the first day of the moratorium draws near, Brown remains a little island of cool in a crowded, teeming office that is about as organized as a kindergarten fire drill.

So busy are Brown and his fellow coordinators, David Mixner, David Hawk, and Marge Skienear, that the word is up on the office bulletin board: "Except for urgent business, they are 'out' to all callers."

Brown, a native of Council Bluffs, Iowa, has grown a cinnamon-colored mustache since his old "clean for Gene" days. He is serious but not pompous, soft-spoken but not shy.

He was a Kennedy fellow at Harvard last spring when his imagination was attracted by the idea, proposed by a Massachusetts peace group, of setting a deadline for getting out of Vietnam and using the threat of a nationwide strike as a weapon.

Concluding this would be impossible to pull off, Brown conceived the idea of a one-day peaceful pause in business as usual across the nation. He began calling friends and others who had helped in the McCarthy campaign.

Fluoridation Law Faces Court Test

COLUMBUS, Ohio (AP) — A court test apparently is in the making for the mandatory water fluoridation law, which becomes effective Nov. 17.

Dr. Jonathon Forman of Columbus, an opponent of mandatory fluoridation, says a suit is being prepared by northern Ohio attorneys to challenge the law on constitutional grounds.

Forman said the law, which would permit a local referendum on fluoridation, does not provide for persons living outside a municipality to vote on the issue.

Homeowners Face Fee Hike In Insurance

CINCINNATI (AP) — Rising crime rates and spiraling costs were blamed for increases that will become effective Wednesday or afterwards on most Ohio homeowners' insurance premiums.

The Insurance Information Institute here said that the Multi Line Insurance Rating Bureau (MLIRB) has announced the hikes—and in some cases reductions—on behalf of its member and subscriber companies.

Rates will go up an average of three types of the homeowners' packages—standard, broad form and dwelling special form. Costs of tenants policies, generally held by families living in rented homes or apartments, will be reduced an average of 2.2 per cent because losses in that category have been smaller than anticipated.

7 Persons Are Killed In Crashes

By THE ASSOCIATED PRESS A Henry County couple died in an accident near their home and two persons were killed in separate accidents in Columbus, helping swell the state's traffic toll since late Monday to at least seven.

The dead: NAPOLEON — Harmon Herr, 81, Liberty Center, when his car collided with a Henry County dump truck Monday at a rural intersection. His wife, Ollie, 76, died early this morning in Bowling Green's Wood County Hospital.

COLUMBUS — Thomas Schoolcraft, 29, Columbus, when his truck and a station wagon collided Monday at a Columbus intersection.

COLUMBUS — Jean Bard, 71, Columbus, was hit by a car late Monday night on a city street. CHARDON — Alan Earls, 16, Chardon, when he was struck by a car while trying to bicycle across U.S. 6 just east of Chardon.

ELYRIA — Betty Ambrosio, 42, Elyria, died late Monday after being struck by a car on North Ridge Road in Lorain County.

NORTON — An unidentified teenager killed in a two-car accident early today in Norton, southwest of Akron.

Silent Plane Being Tested

SUNNYVALE, Calif. (AP) — A new plane designed to glide noiselessly over enemy lines at night for close observation is being tested by Lockheed Missiles & Space Co. under contract with the Army, which wants to use it in Vietnam.

Lockheed, which has been flying the Y03A powered glider in California for several months, broke a long secrecy Monday on some details of its construction.

Essentially a glider with a 210-horsepower Continental engine, the Y03A carries two men, with the pilot seated in the rear of a cockpit covered by a bubble-shaped canopy.

The Y03A, a modified Schweizer sailplane, has a 57-foot wingspread for its 30-foot length, and thus needs relatively little power for long flights. Fiberglass is used in streamline design, along with a six-bladed wooden propeller and noise-muffling devices on the engine. This makes the plane extremely light and quiet in operation, a Lockheed spokesman said.

Conlisk, Turner Battle Over Gun Turnover

WASHINGTON (AP) — Looking back on it, the Army's former top policeman concedes he did wrong in signing a receipt saying some guns he received from Chicago authorities were for Army use.

Retired Maj. Gen. Carl C. Turner, former provost general of the Army, gave the testimony Monday about weapons which he said he took for his own use after signing the receipts.

"Did you think as a general you did the right thing?" asked Sen. Karl Mundt, R-S.D. "You knew you signed something patently false, wasn't it wrong?" "This is hindsight," said Turner.

The questioning Monday switched back and forth from the senators to Turner and Chicago Police Supt. James B. Conlisk Jr.

Turner denied or did not recall many critical accusations made against him.

The retired general said Conlisk knew the weapons were for personal use. Separately, Turner said some of the weapons had been sold.

Sen. Abraham Ribicoff, D-Conn., asked Conlisk, "Did Turner tell you these were not for the Army?"

"He did not sir," Conlisk answered.

Conlisk also denied he had told the general, as Turner had testified earlier, "Well, this is the way we clear our records" referring to signing the receipts.

"His statement is incorrect," Conlisk said.

Turner was asked if he wanted to change his testimony.

Turner answered that Conlisk's testimony "is highly inaccurate."

In another exchange, Conlisk said Turner had called him twice after Internal Revenue Service agents had looked into the gun receipts and "asked that I order the receipts of the transfer of the weapons to him

destroyed. I informed Gen. Turner that this would not be done."

Mundt asked Turner, "Did you ask him specifically to destroy the receipts?"

"I do not recall specifically asking to destroy receipts," Turner answered.

"... You do not want to say the superintendent is wrong?" Mundt asked.

"Nor could I confirm it," Turner said.

"It would be in your interest to deny it," Mundt said. "Sir, I'm under oath," Turner said to laughter.

Birthday Of Late President Eisenhower Commemorated

WASHINGTON (AP) — Ceremonies honoring the memory of Dwight D. Eisenhower were the order of the day as the nation marked the 79th birthday of the soldier-president.

Today's schedule called for President Nixon to preside over a White House program honoring Eisenhower as founder of the People-to-People program for international friendship and understanding. Eisenhower's widow, Mamie, was to join in the ceremony and reception.

A \$100-a-plate fund-raising dinner was planned for tonight in Washington as part of a drive to raise \$5 million for Eisenhower College at Seneca Falls, N.Y.

And in Abilene, Kan.—Eisenhower's hometown where he was buried after his death March 28—Postmaster General Winton M. Blount was on hand today for dedication of a new

postage stamp honoring the 34th president.

The White House program this morning included presentation of Eisenhower People-to-People awards to Apollo 11 commander Neil Armstrong, rehabilitation expert Dr. Frank H. Krusen of Tufts University in Boston and retired career ambassador George V. Allen. Willis H. Shapley, associate deputy administrator of the National Aeronautics and Space Agency, was designated as stand-in for Armstrong who is on a round-the-world goodwill tour.

The awards are for contributions to international understanding and peace.

Eisenhower launched the non-profit, private People-to-People organization in 1956 with Allen as its chairman. Nixon now is the honorary chairman.

"The aim," Eisenhower said at the time, "is to build a massive program of communication between Americans and citizens of other lands..." Its efforts have ranged from student and cultural exchanges to the operation of Project Hope, the world's first peacetime hospital ship.

No Rotary Thursday

Although there will be no Circleville Rotary Club meeting this week, members will be required to register either at the L-K Restaurant or at Barnhill's Drycleaning Downtown shop.

Since Thursday is not a regular holiday absence, it will be charged against the members' record if they do not register.

Nixon . . .

(Continued from Page 1) member Alliance for Labor Action announced Monday it is backing the protest movement, the first endorsement the moratorium has received from a major labor organization.

The alliance was formed by United Auto Workers President Walter Reuther and acting Teamsters president Frank E. Fitzsimmons.

The AFL-CIO, which no longer counts the UAW and Teamsters as members, has strongly supported Nixon's Vietnam policies and is not taking part in the moratorium.

Further support came Monday from W. Averell Harriman, the original U.S. Paris peace negotiator under the Johnson administration. Speaking with considerable emotion, the former New York governor said, "We are a free country paying a tremendous price for the war and entitled to dissent."

Civil Rights leader Whitney M. Young, executive director of the National Urban League, expressed opposition to the war for the first time in endorsing Wednesday's series of rallies, prayer meetings, marches and discussions.

"Vietnam is tragically diverting America's attention from its primary problem—the urban and racial crisis—at the very time that crisis is at its flash point," Young said.

At Whittier College, which Nixon attended as an undergraduate, moratorium leaders plan to light an antiwar "flame of life" as a "constant reminder of those who have died and are dying while it burns."

Part Of Drive

(Continued from Page 1) ers on an enemy base camp 42 miles north of Saigon.

A South Vietnamese battalion clashed during the night with a Viet Cong force in rice paddies 18 miles northwest of Saigon, killing eight of the enemy at a cost of four killed and four wounded. A U.S. Army helicopter gunship supporting the ground troops was shot down, and one American was wounded.

Another helicopter from the U.S. 1st Air Cavalry Division drew machine-gun fire just before midnight while on a reconnaissance mission five miles south of the Cambodian border. The helicopter crew directed artillery fire onto the enemy positions, an Air Force AC119 gunship joined the attack, and the American fliers said they counted 28 enemy bodies by the light of flares. There were no U.S. casualties and the helicopter was not hit.

The Saigon government reported a record 35,000 enemy soldiers, political cadre and sympathizers have defected to its side this year and turned in more than 2,200 weapons.

This brought the total number of defectors to 125,437 since February 18, 1963, when the government launched the massive propaganda campaign known as Chieu Hoi—Open Arms—to woo the enemy's support. Only 894 of the defectors have been North Vietnamese.

Deaths

MRS. HALLIE G. REESER

Mrs. Hallie G. Reeser, 86, of 600 Renick Ave., died 1 p.m. Monday at her residence.

Born Oct. 18, 1882 in New Holland, she was the daughter of Lina Kellis and Edward W. Timmons.

Her husband, George A. Reeser, preceded her in death. She was a lifelong member of the Church of the Brethren.

Survivors include five daughters, Mrs. Helen Schoonover, 810 S. Scioto St.; Mrs. Mabel Clark, 330 Huston St.; Mrs. Florence Leasle, Route 1, Frankfort; Mrs. Mary Louise Gibson, Delaware; Mrs. Mildred Bennett, Washington C. H.; three sons, Robert Reeser, Maplewood Ave.; Harold Reeser, Route 4; Howard Reeser, 600 Renick Ave.; 27 grandchildren; 44 great-grandchildren; three great-great-grandchildren; one brother, Harry Timmons, Starkey Drive.

Services will be 2 p.m. Thursday in the Church of the Brethren with Rev. Clyde Albaugh officiating. Burial will be in Forest Cemetery.

Friends may call at the Mader Funeral Home beginning 7 p.m. Tuesday and at the church after 1 p.m. Thursday.

Early Closing Hour Set By Library

Pickaway County District Public Library will close 5 p.m. Wednesday through Saturday of the Pumpkin Show.

Regularly scheduled hours will resume the following week beginning Mon. Oct. 20.

Report 15 Million Fish Die As Result Of Water Pollution

WASHINGTON (AP) — More than 15 million fish were killed by water pollution last year, "a macabre reminder that our rivers, lakes and streams are being poisoned by many highly toxic and dangerous substances," the Interior Department said today.

The number of dead fish, set at 15,236,000 on the basis of reports from 42 states, is up 31 per cent from 1967. It is the highest since 1964 when municipal sewage, industrial wastes and other pollutants killed 18,387,000 fish.

"While improved reporting practices, variations in weather and other factors could be partially responsible for the increase, the report is a macabre reminder that our rivers, lakes and streams are being poisoned by many highly toxic and dangerous substances," said David D. Dominick, commissioner of the Federal Water Pollution Control Commission.

Two-thirds of the fish killed by pollution were commercial fish while 9 per cent were classified as sport fish, the department said.

The department pointed to municipal and industrial pollution as the main cause of the fish kills, blaming city sewage for the death of 6.9 million and industrial waste for the death of 6.3 million.

Stock List Up Again

NEW YORK (AP) — The stock market stretched its strong rally into a second session in heavy trading early this afternoon.

The wide-ranging advance pushed prices of more than 1,000 issues higher, against about 250 losses on the New York Stock Exchange.

By noon the Dow Jones average of 30 industrials had spurted 12.47 to \$31.77, after leaping 12.34 Monday.

The Associated Press 60-stock average at noon was ahead 2.9 at 290.4, with industrials up 5.1, rails up .9, and utilities up 1.4.

Trading volume in the first hour soared to 6.8 million shares on the New York exchange, third-highest for the period.

An analyst said the market surge was due almost entirely to expanding hopes of developments toward peace in Vietnam. Indications that the cash-loaded institutions were coming off the sidelines were seen in the large number of big blocks traded. Among the blocks were 81,500 shares of Texas Eastern Transmission at 23, up ¼; 50,000 shares of Ford Motor at 44½, up 1¼; 47,000 shares of CNA Financial at 27, up ¼; and 34,900 shares of Magnavox, off 1.

Commissioners Okay Subdivision

Pickaway County Commissioners Monday approved a subdivision plat on Dunkle Road and granted permission to the Columbia Fuel Gas Co. to install 960 feet of 3-inch gas line in Scioto Twp.

The subdivision involved three lots and is called Markley's Dunkle Road Subdivision. It is located in Washington Twp.

Commissioners Charles Morris, Dick Tootle and Wayne Hines discussed better health services with Ben Brian, Mrs. Sterling Poling and Ned Harden. The latter three are members of the Mid Ohio Health Planning unit.

The county commissioners received \$790.99 for participating in the ASC corn program on the county home and children's home farms.

Motorist Cited In Route 23 Accident

The Highway Patrol investigated an accident that occurred at 11:50 p.m. Monday on Route 23 just south of South Bloomfield.

Jack McCann, 49, Waverly, was southbound on 23 when he struck the car of Juan D. Sanchez, 21, of 1014 N. Court St., parked on the berm of the highway. A passenger in the Sanchez auto, Minda Shimmel, 22, of Circleville complained of injuries and was referred to her family physician.

McCann was cited for failure to keep assured clear distance.

A THOUGHT FOR TODAY

As long as you live, keep learning how to live.

In the eight years records have been kept, more than 103 million fish have died from water pollution.

Society's dumping of sewage into its lakes, rivers and streams poses a greater hazard than just the death of fish. Scientists reported last year fish can pick up human disease germs and spread them back to humans when eaten.

White perch caught in Chesapeake Bay, dumping ground for several rivers running through heavily populated areas, were found to contain germs which could cause typhoid fever, dysentery and tuberculosis.

Coho salmon caught in the Great Lakes were impounded by the government early this year when found to contain dangerously high levels of the pesticide DDT. And University of Michigan scientists say pesticides seeping into Lake Michigan destroy nearly half the eggs laid by salmon.

Cleo Pearce, Executrix of the estate of A. H. Pearce, deceased, Plaintiff,

vs. Cleo Pearce, A. H. Pearce, Jr., also known as Jim Pearce, Leona Maloy, Eleanor Ward Henke, Doris Pearce, Cathy Pearce, a minor aged 14 years, Melinda Pearce, a minor aged 13 years, Gregory Pearce, a minor aged 10 years, and Dwight Pearce, a minor aged 8 years, and Frank L. Bowling, Helen H. Bowling, and Frank L. Bowling, Jr., Defendants

NO. 19616

LEGAL NOTICE

A. H. Pearce, Jr., also known as Jim Pearce, who resides at 0138 Yorkton Way, San Jose, in the County of Santa Clara, State of California, Leona Maloy, who resides at 2511 Edison Avenue, Apartment 25, Sacramento, in the County of Sacramento, State of California, and Eleanor Ward Henke, who resides in Long Reef Apt. No. 63, Christiansburg, St. Croix, U. S. Virgin Islands 00820, will take notice that Cleo Pearce, Executrix of the Estate of A. H. Pearce, deceased, on the 15th day of October, 1969, filed a petition in the Common Pleas Court of Pickaway County, Ohio, in Probate Division, alleging that the valid debts of said decedent amounted to \$1,367.16, that the widows year's allowance in said estate amounts to \$2,000.00 no part of which has been paid, that the cash exempt from administration in said estate amounts to \$1,041.14, no part of which has been paid, and that the costs of administering said estate will amount to about \$700.00, that the total value of the persons, property of said decedent was fixed by the appraisers of said estate at \$280.74, being wholly insufficient to pay the debts, allowances and costs aforesaid; that Cleo Pearce is the surviving spouse of said decedent; and that the decedent died seized of the following described real estate:

Situated in the County of Pickaway, State of Ohio, and in the Township of Washington, and bounded and described as follows: Beginning at a point in the half section line and in the center of the Old Tarlton Pike, thence with the center of said Pike in a northeasterly direction to a point in said pike where a line drawn North and South parallel with the half section line and at a distance of 60 feet therefrom intersects said pike; thence south on a line parallel with the half section line and 60 feet east thereof a distance of 145 feet; thence in a southerly direction and parallel with the old Tarlton Pike to a point in the half section line 145 feet south of the place of beginning, containing 8700 square feet of land, more or less. Being a part of the Southeast quarter of Section 28, Township 11, Range 21, W.S. and being a part of the premises conveyed to Clay L. Hitler by George T. Hitler, et al. by deed dated March 19, 1923 and recorded in Deed Record Vol. 102 page 431.

Subject to this condition set forth in the Deed of Clay L. Hitler and Jennie M. Hitler dated March 30, 1946 and recorded in Pickaway County Ohio Deed Records Volume 134 at page 234, that "in the event of the sale of the premises herein conveyed with any buildings hereafter erected thereon by the Grantee, his heirs, successors, administrators, or assigns, the Grantees herein, their heirs, successors, administrators, assigns, owning the premises out of which these premises are herein conveyed, shall have the right to buy said premises herein conveyed at the sale price then obtainable for the same."

That said land is registered under the Torrens Act in the office of the Recorder of Pickaway County, Ohio, under Certificate No. 6 and no owner's copy of said Certificate has been found among decedent's effects.

The prayer of said petition is for the sale of said premises for the purpose of paying the debts, allowances and costs aforesaid according to the statutes in such cases made and provided, and for such other and further relief in the premises as may be just and proper.

The persons first above mentioned will further take notice that they have been made parties defendant to said petition and that they are required to answer the same on or before the 15th day of December, 1969.

Congress Asked For Action On Programs By President

WASHINGTON (AP) — President Nixon has asked the Democratic controlled Congress to put aside partisanship and produce a legislative record which would make the administration and lawmakers proud.

In a message aimed at quieting the combat that has been growing between Republicans and Democrats over the pace of legislation, Nixon promised to meet Congress "more than half way" to accomplish what needs to be done.

Senate Democratic leader Mike Mansfield praised Nixon's statement as "temperate, restrained, understanding, in good taste and good form."

But House majority leader Carl Albert spiced his comment with some peppery phrases accusing the administration of being slow to get its legislative program before Congress and of having divided views on many important issues.

The message was set for formal reading to Congress today but was released to the nation Sunday.

In it, Nixon stressed the idea of a working partnership between his administration and Congress to enact a program that will launch a new era of government reform.

"Let us resolve," he said, "to make the legislative issue of the 1970 campaign the question of who deserves the greater credit for the 95th Congress's record of accomplishment, not which of us should be held accountable because it did nothing."

Nixon acknowledged that partisans in both parties have been trying to blame each other for what the Republicans, at least, regard as the meager achieve-

Farmer Praises Nixon Program

CLEVELAND, Ohio (AP) — James A. Farmer, founder of the Congress of Racial Equality and assistant secretary of the U.S. Department of Health Education and Welfare, praised both the Nixon welfare program and welfare clients for organizing.

Farmer, here to address the 79th annual meeting of the Ohio Welfare Conference, told a news conference Monday that the Nixon welfare program was the first constructive welfare system since the New Deal.

But he said he had hoped the minimum amount for a welfare family of four would have been \$5,000 annually instead of the proposed \$1,600. He said he thought Congress would pass the legislation in the next session and it would go into effect in 1972.

COMMITTEE REORGANIZED — The Public Improvements Inspection Committee of the Ohio General Assembly was reorganized at a meeting Friday in Columbus with the election of State Rep. Roger W. Tracy, Jr., of Columbus, right, as chairman. State Sen. Harry Armstrong of Logan, center, was elected secretary. Also attending the meeting was State Rep. Robert A. Manning of Akron, left. The committee inspects and hears testimony on capital improvements at state supported institutions.

Lower Voting Age Faces Rough Time

COLUMBUS, Ohio (AP) — An Ohio Information Committee poll of 1,600 persons shows that 66 per cent are against lowering the voting age in Ohio to 19. The committee mailed 4,000 questionnaires to state civic leaders. Of the 40 per cent that responded, 34 per cent approved lowering the voting age.

Japan Digs In

Why must homes, stores and parking garages be above ground? The answer is, there is no reason, but tradition has kept them there. Japan, a land-starved country with a remarkable vibrant economy, is now going underground and in the process could be showing the western world a few things about the future.

In a number of Japan's larger cities, including Tokyo, Osaka and Nagoya, multi-tiered subterranean shopping complexes have become a way of life, and the idea is catching on rapidly in other places.

An example of how sophisticated the downward trend has become in Japan is the recently completed Yaesu underground shopping center, which starts in the basement of Tokyo's

central railroad station and extends outward. More than 350 businesses offering every conceivable product are included in the complex.

On a lower level is a parking garage. Below that a highway which will bring traffic in from various parts of the city is now under construction.

More than 500,000 persons a day shop in the center. Plans for a sub-surface shopping center in Umeda are still more ornate. Shops will extend downward five floors and will be fed by moving pedestrian sidewalks. Man-made rivers, ornamental gardens and background music — the whole scene illuminated by giant floodlights — will complete the aesthetic qualities.

Increasingly, the business boom in Japan is looking up — by going down.

Do-It-Yourself Repairs

In an unusual switch, car owners are encouraged by at least two manufacturers to do some minor maintenance work on their new cars themselves. Do-it-yourself instructions are included in owners' manuals which come with some of the lower-priced models produced by Ford and American Motors.

More than 40 maintenance jobs, from removing and cleaning spark plugs to repacking front wheels, are included

in the instructions. This is a departure from many years' policy of referring owners to dealers for even the most minor upkeep.

Manufacturers apparently are reacting to complaints about the high cost of repair service. The cars which come with maintenance pamphlets are among the simplest mechanically Detroit has produced in years. But by grandpa's Model T standards, even these cars are complicated machines.

Sense From Thailand

By JOHN CHAMBERLAIN

Thanat Khoman, the Foreign Minister of Thailand, has been visiting in the United States, and it is a shame that such parochial doves as Senators William Fulbright and George McGovern haven't listened to what he has had to say. Unlike most diplomats the Thai Foreign Minister lays it on the line, with a quality of acerbic lucidity and high common sense that would have made him a great teacher or writer of history. It may even make him a great jurist if, as suggested, he is appointed to a seat on the International Court at the Hague.

The astonishing thing, given what currently passes for gospel in the Fulbright-McGovern enclave, is that Thanat Khoman seems relaxed about the course of events in Vietnam. He said the other day in an informal discussion in the UN delegates lounge that he doesn't expect the U.S. to "bug out" of the

war; great nations don't do things like that. He doesn't believe any agreement is in sight at the Paris peace talks, for, since the U.S. has stopped the bombing of North Vietnam and started its own process of disengagement in South Vietnam, there is nothing in particular left to negotiate. The war, says Thanat Khoman, will dwindle away. This is what Henry Cabot Lodge once predicted, and it is ironical that Thanat Khoman sticks to it at a time that Lodge is doing his best as our chief negotiator at Paris to pull something out of the hat that would end the war right away.

Thanat Khoman says he has found both President Nixon and Secretary of State Rogers to be eminently sensible men. He doesn't presume to tell these sensible men what to do. But his own definition of sanity as applied to Southeast Asia is implicit in his statement that "it would not make much sense to have come and sacrificed some 30,000 lives and suddenly decide to pack up and go home."

Besides, Thanat Khoman doesn't think the war in South Vietnam has been going badly; it has, so he says, actually been going better. When asked if Thailand were prepared to consider settling "some very fanatical anti-Communist Vietnamese in Thailand, say in the Northeast," he answered that the South Vietnamese government is doing very well with its own refugees. So much for Senator McGovern's defeatist suggestion that provision be made for giving refuge to dissenters once a "coalition" government is established in Saigon.

Mr. Nixon's withdrawal of American troops from South Vietnam has certainly been in response to the agitation on the home front. But the withdrawal has been made possible, as Thanat Khoman sees it, by the recent improvement in South Vietnam's own capacity to defend itself. As for the U.S. troops in Thailand, Thanat Khoman says that if there are

any fears they would be involved in a "second Vietnam" on Thai soil, Nixon's best step might be to pull them out right away. Regardless of the talk of "contingency plans," the Thai government will put forward no appeal to send Americans to fight in Thailand under any circumstances. Thanat Khoman said he wouldn't ask even his "Asian friends and brothers" to come and fight in his country.

In his wry way Thanat Khoman has a good word for parochialism; he is capable of understanding our Fulbrights and McGovern, even though he could hardly give them good marks for common sense. In an interview in Bangkok before coming to the U.S. for the meeting of the UN General Assembly, Thanat Khoman said it was all right if certain members of SEATO, the Southeast Asia Treaty Organization, had reservations about military planning. He spoke of the growing "neo-isolationism" as something that was psychologically justified: "Europeans want to be Europeans, Asians want to be Asians . . . even in the United States, there is a feeling of parochialism developing, not in the government circle, but among various circles such as the press, the students, the academics, some political circles."

Unfortunately, as Thanat Khoman ruefully put it, "the Soviet Union is the only power in the present world which has shown no parochial tendencies . . . Instead of wanting to retrench itself, of withdrawing into its own shell, it expands; as an Arab leader said to me the other day: 'The Soviet Union has realized the long past dream of Peter the Great, of breaking through the Straits of Bosphorus and coming into the Mediterranean.'"

In short, what Russia needs is a couple of good Fulbrights. If she had them, the cause of parochialism on a world scale would be justified, and our own troops in Thailand would at last be talking common sense.

Try and Stop Me

By BENNETT CERF

A VERY RICH LADY, widely known for her penury, called up a New York real estate agent recently and said she had decided to move. "What I want," she went on, "is an apartment of eight or nine large rooms with four baths on either Fifth or Park Avenues, and I'm perfectly willing to pay up to three hundred dollars a month if you find a place I want."

There was a dead silence on the agent's end of the phone, and the lady finally demanded, "Are you looking through your files?" "Not exactly," admitted the agent. "We're just removing your name from them."

Emboldened by the success of the new musical, "1776," Roanoke's Bob Motley suggests logical follow-ups: "Here's Howe" (some bunk about Bunker Hill), "Brandywine" (a temperance drama), "Sign Here" (featuring John Hancock), "The Yorktown Strutters' Ball" (starring General Cornwallis), and "Laugh-ayette In" (a play about college life in Easton, Pa.).

Quotes the Raven (Paul B. Raven, of Saratoga Springs, in this instance): It's a wise father who has long since torn up his old report cards . . . Money is always there, but the pockets change . . . The only sure way to stay awake during an after-dinner speech is to deliver it . . . Elegance is good taste plus a dash of daring.

Speaking Of Your Health

By Lester L. Coleman, M.D.

Do varicose veins run in the family? So many of my relatives seem to get varicose veins as they grow older. Each one is getting a different kind of treatment. What causes varicose veins? Is there any way to avoid them?

Mrs. M.D., California
Dear Mrs. D.: Heredity is implicated in some way in many diseases. How great a role this plays in the formation of varicose veins has never really been determined, since there are more obvious causes for them.

In some people there may be a congenital weakness of the muscular walls of the veins, and the valves that lie within them. It is not uncommonly known that valves do exist in the veins and serve to prevent a backflow of the blood.

It is generally believed that varicose veins became more prevalent when man first stopped walking on all fours and assumed an upright position. The force of gravity places an extra burden on the veins of the legs.

There are two sets of veins that carry blood from the legs and feet back to the heart where the blood once again picks up the oxygen and is returned to the legs through the arteries. One set of veins is superficial and can be seen on the surface of the legs as they grow larger. A deeper set lies beneath the muscles and is not visible to the eye. Special tests can show the presence of deep varicosities.

The free return flow of blood in the veins can be affected by pregnancy during which the enlargement of the uterus may press on some of the larger veins within the lower abdomen. Other conditions, such as excess weight, may be responsible for the development of varicose veins.

If left unchecked, the veins become larger and unsightly. But the cosmetic appearance is not the only reason why this condition must be attended to early. The muscle cramps, severe fatigue and swelling of the feet and ankles can only lead in the direction of complications that can be avoided by early corrective methods.

At first, elevation of the legs, and an effort to avoid standing in one position at work, can sometimes delay the progress of this condition. Special sup-

porting elastic stockings can be helpful.

Some types of varicose veins can be treated by injection of a special solution which closes off the smaller varicose veins that are found below the knee.

It is unfortunate that many forms of treatment are tried, even after it has been decided by the doctor that the ideal treatment would be surgery. There comes a time when prolonged delay invites trouble.

Modern surgery for varicose veins is extremely safe. It is performed by a variety of methods, each chosen by the particular skill and judgment of the surgeon.

The results are most gratifying. The patient benefits by feeling better and enjoys the marked improvement in appearance.

You're Telling Me

By William Ritt
Central Press Writer

An international team of mountain climbers announces plans to scale straight up the 7,000-foot southwest face of Mount Everest in 1971. The cost will be \$150,000. That doesn't sound too expensive when you figure it's only \$21.43 a foot!

Five different countries will be represented on the team of climbers. That'll make their effort a different sort of summit conference.

Two of the climbers will be husband and wife — Michael and Yvette Vaucher of Switzerland. That makes it a family affair.

Because he finds singing very thirsty work, a British night club singer has had a clause put in his contract that he is entitled to four bottles of beer nightly. Wonder if his favorite tune is "The Maine Stein Song"?

Sometimes a mechanical device is used to toss pies into movie comedy scenes, says a Hollywood writer. Ah! — an engine with a sense of humor!

Maybe one reason there aren't as many autumn poems in one position at work, can be verses extolling sometimes delay the progress of this condition. Special sup-

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

There is no happier look than shines from a small boy's face when the kite he is trying to fly finally takes the sky. It is hard even for a grownup to frown while flying a kite. Frowns do make kites fly.

A girl who studies logic in college will find later in life that it has done more for her than the hours she spent taking notes in her class in Japanese flower arrangements.

It's the fellow who carries the bass drum in the parade who looks like he enjoys the marching the least.

The honeymoon is over when he asks her for an extra 50 cents for lunch, and she insists on knowing why he needs it.

Whenever you see a man take a paper clip off a two-page memo and carefully put it into his desk before reading the memo, you can figure one thing

about him: He may wind up with the most paper clips in the office—but he won't be the one with the biggest job.

Guys who wear feathers in their hats tend to be losers in love.

It's time to give up smoking if, when you wake up in the morning and find your last pack empty, you start pawing through an ashtray looking for a couple of leftover stubs you can light up to start the day.

Fashions change. There used to be a restaurateur who told his headwaiter never to seat a man who wore brown shoes with a blue suit. He said the sight of such a combination made him ill. Now a fellow has no trouble getting a good seat anywhere in town while wearing blue shoes, gold slacks, a brown coat and a black-and-white polka dot necktie—so long as the inside of his wallet is deeply lined with green.

Many old-fashioned American

husbands still stoutly refuse to help do the dishes on the ground that this is woman's work. But if a wife can get her man to wash the windows and praises him enough for how well he did them, sooner or later he'll end up polishing plates at the kitchen sink, too.

One way to judge prosperity is by people's familiarity with the money they use. Practically everyone knows whose face is on the dollar bill and the \$5 bill, but most guys who happen to have a \$10 bill in their pocket have to haul it out and inspect it to identify the face on it.

The difference between experience and learning is that experience is all you have left when you don't learn from experience.

Who can hear church bells ringing at dusk without thinking of something he did during the day that had been better left undone, and something left undone he knows needs doing?

WASHINGTON MEMO

By Congressman
CHALMERS P. WYLIE
15th District of Ohio

Probably the most significant action in Congress this week was the passage by the House of the appropriations for fiscal year 1970 for public works, water pollution control and the Atomic Energy Commission.

For Columbus and central Ohio, it is worth noting that \$1.4 million was approved for construction of the Alum Creek Dam and Reservoir. This represents a \$100,000 increase over the Administration request. It is expected that the Senate will approve the full amount of \$1.4 million. The actual expenditure must then be approved by the Bureau of the Budget and the question arises as to whether this project will be included in the President's order of September 1, 1969, directing a 75 per cent reduction in new contracts. Since this project has previously been funded, we have been led to believe by reliable authority that it will not.

Another item in the bill of particular significance to Ohio is the appropriation of \$800 million for grants to fight water pollution. Committee action to increase the Budget Bureau's request from \$214 million to \$600 million won House approval. An amendment to increase the funds by an additional \$400 million to \$1 billion for grants to construct sewage treatment plants lost on a non-record vote by 146 to 148. It is estimated that Ohio could receive up to \$30 million depending on matching fund availability.

A separate item in the amount of \$2.2 million was added to develop preliminary plans for the elimination and control of pollution in the Great Lakes area, including Lake Erie. The total new budget obligation authority would provide \$4.5 billion for public works projects and the Atomic Energy Commission.

The House passed and sent to the Senate a bill to provide for Special Programs for Children with special learning disabilities. This legislation authorizes the Commissioner of Education to make grants to institutions of higher education, State and local educational agencies, and other public and private non-profit educational and research agencies and organizations to make contracts with any of those agencies and organizations to carry out special programs for children with special learning disabilities.

A \$474 million authorization for the National Science Foundation has been passed by the House with the condition that none of the research money can go to faculty members or students convicted of rioting, damaging property, contributing to campus disruptions or refusing to obey a lawful order. The bill approved by the House is similar to one already passed by the Senate.

The foundation conducts research programs in all aspects of science, and sponsors a score of educational projects to encourage young persons to become scientists. This authorization is \$74 million above last year's appropriation. The authorization figure will no doubt be reduced in the Appropriations Bill to come later. Ohio State University is a prime beneficiary of National Science Foundation grants.

These children, who have been conservatively estimated at about two per cent of our school population, cannot be ignored. An effective means of assisting them must be initiated.

The House also passed and sent to the Senate a bill which would allow States and local school agencies and universities receiving funds under the Elementary and Secondary Education Act and the Higher Education Act to utilize a portion of those funds for the benefit of gifted children as well as handicapped children.

This Act encourages granting of fellowships for the training of teachers of the gifted child. At the present time only 26 colleges and universities offer such programs for teachers of such children.

This legislation provides for changes in reporting requirements and establishes additional income exclusions relating to pensions for veterans and their widows. It liberalizes the payment of benefits to remarried widows of veterans, and liberalizes the oath requirement for the hospitalization of veterans.

This bill also includes as beneficiaries those individuals who served on the Mexican border in the period immediately preceding World War I. It is believed this bill will produce some administrative savings and will certainly make administration of the program less complicated. It passed the House on Monday, October 6.

A \$474 million authorization for the National Science Foundation has been passed by the House with the condition that none of the research money can go to faculty members or students convicted of rioting, damaging property, contributing to campus disruptions or refusing to obey a lawful order. The bill approved by the House is similar to one already passed by the Senate.

Ohio State University is a prime beneficiary of National Science Foundation grants.

Hatlo's They'll Do It Every Time

Japan Digs In

Why must homes, stores and parking garages be above ground? The answer is, there is no reason, but tradition has kept them there. Japan, a land-starved country with a remarkable vibrant economy, is now going underground and in the process could be showing the western world a few things about the future.

In a number of Japan's larger cities, including Tokyo, Osaka and Nagoya, multi-tiered subterranean shopping complexes have become a way of life, and the idea is catching on rapidly in other places.

An example of how sophisticated the downward trend has become in Japan is the recently completed Yaesu underground shopping center, which starts in the basement of Tokyo's

central railroad station and extends outward. More than 350 businesses offering every conceivable product are included in the complex.

On a lower level is a parking garage. Below that a highway which will bring traffic in from various parts of the city is now under construction.

More than 500,000 persons a day shop in the center. Plans for a sub-surface shopping center in Umeda are still more ornate. Shops will extend downward five floors and will be fed by moving pedestrian sidewalks. Man-made rivers, ornamental gardens and background music — the whole scene illuminated by giant floodlights — will complete the aesthetic qualities.

Increasingly, the business boom in Japan is looking up — by going down.

Do-It-Yourself Repairs

In an unusual switch, car owners are encouraged by at least two manufacturers to do some minor maintenance work on their new cars themselves. Do-it-yourself instructions are included in owners' manuals which come with some of the lower-priced models produced by Ford and American Motors.

More than 40 maintenance jobs, from removing and cleaning spark plugs to repacking front wheels, are included

in the instructions. This is a departure from many years' policy of referring owners to dealers for even the most minor upkeep.

Manufacturers apparently are reacting to complaints about the high cost of repair service. The cars which come with maintenance pamphlets are among the simplest mechanically. Detroit has produced in years. But by grandpa's Model T standards, even these cars are complicated machines.

Sense From Thailand

By JOHN CHAMBERLAIN

Thanat Khoman, the Foreign Minister of Thailand, has been visiting in the United States, and it is a shame that such parochial doves as Senators William Fulbright and George McGovern haven't listened to what he has had to say. Unlike most diplomats, the Thai Foreign Minister lays it on the line, with a quality of acerbic lucidity and high common sense that would have made him a great teacher or writer of history. It may even make him a great jurist if, as suggested, he is appointed to a seat on the International Court at the Hague.

The astonishing thing, given what currently passes for gospel in the Fulbright-McGovern enclave, is that Thanat Khoman seems relaxed about the course of events in Vietnam. He said the other day in an informal discussion in the UN delegates lounge that he doesn't expect the U.S. to "bug out" of the

war; great nations don't do things like that. He doesn't believe any agreement is in sight at the Paris peace talks, for, since the U.S. has stopped the bombing of North Vietnam and started its own process of disengagement in South Vietnam, there is nothing in particular left to negotiate. The war, says Thanat Khoman, will dwindle away. This is what Henry Cabot Lodge once predicted, and it is ironic that Thanat Khoman sticks to it at a time that Lodge is doing his best as our chief negotiator at Paris to pull something out of the hat that would end the war right away.

Thanat Khoman says he has found both President Nixon and Secretary of State Rogers to be eminently sensible men. He doesn't presume to tell these sensible men what to do. But his own definition of sanity as applied to Southeast Asia is implicit in his statement that "it would not make much sense to have come and sacrificed some 30,000 lives and suddenly decide to pack up and go home."

Besides, Thanat Khoman doesn't think the war in South Vietnam has been going badly; it has, so he says, actually been going better. When asked if Thailand were prepared to consider settling "some very fanatical anti-Communist Vietnamese in Thailand, say in the Northeast," he answered that the South Vietnamese government is doing very well with its own refugees. So much for Senator McGovern's defeatist suggestion that provision be made for giving refuge to dissenters once a "coalition" government is established in Saigon.

Mr. Nixon's withdrawal of American troops from South Vietnam has certainly been in response to the agitation on the home front. But the withdrawal has been made possible, as Thanat Khoman sees it, by the recent improvement in South Vietnam's own capacity to defend itself. As for the U.S. troops in Thailand, Thanat Khoman says that if there are

any fears they would be involved in a "second Vietnam" on Thai soil, Nixon's best step might be to pull them out right away. Regardless of the talk of "contingency plans," the Thai government will put forward no appeal to send Americans to fight in Thailand under any circumstances. Thanat Khoman said he wouldn't ask even his "Asian friends and brothers" to come and fight in his country.

In his wry way Thanat Khoman has a good word for parochialism; he is capable of understanding our Fulbrights and McGovern, even though he could hardly give them good marks for common sense. In an interview in Bangkok before coming to the U.S. for the meeting of the UN General Assembly, Thanat Khoman said it was all right if certain members of SEATO, the Southeast Asia Treaty Organization, had reservations about military planning. He spoke of the growing "neo-isolationism" as something that was psychologically justified: "Europeans want to be Europeans, Asians want to be Asians . . . even in the United States, there is a feeling of parochialism developing, not in the government circle, but among various circles such as the press, the students, the academics, some political circles."

Unfortunately, as Thanat Khoman ruefully put it, "the Soviet Union is the only power in the present world which has shown no parochial tendencies . . . Instead of wanting to retrench itself, of withdrawing into its own shell, it expands; as an Arab leader said to me the other day: 'The Soviet Union has realized the long past dream of Peter the Great, of breaking through the Straits of Bosphorus and coming into the Mediterranean.'"

In short, what Russia needs is a couple of good Fulbrights. If she had them, the cause of parochialism on a world scale would be justified, and our own Fulbright would at last be talking common sense.

Try and Stop Me

By BENNETT CERF

A VERY RICH LADY, widely known for her penury, called up a New York real estate agent recently and said she had decided to move. "What I want," she went on, "is an apartment of eight or nine large rooms with four baths on either Fifth or Park Avenues, and I'm perfectly willing to pay up to three hundred dollars a month if you find a place I want."

There was a dead silence on the agent's end of the phone, and the lady finally demanded, "Are you looking through your files?" "Not exactly," admitted the agent. "We're just removing your name from them."

Emboldened by the success of the new musical, "1776," Roanoke's Bob Motley suggests logical follow-ups: "Here's Howe" (some bunk about Bunker Hill), "Brandywine" (a temperance drama), "Sign Here" (featuring John Hancock), "The Yorktown Strutters' Ball" (starring General Cornwallis), and "Laugh-ayette In" (a play about college life in Easton, Pa.).

Quotes the Raven (Paul B. Raven, of Saratoga Springs, in this instance): It's a wise father who has long since torn up his old report cards. . . . Money is always there, but the pockets change. . . . The only sure way to stay awake during an after-dinner speech is to deliver it. . . . Elegance is good taste plus a dash of daring.

Speaking Of Your Health

By Lester L. Coleman, M.D.

Do varicose veins run in the family? So many of my relatives seem to get varicose veins as they grow older. Each one is getting a different kind of treatment. What causes varicose veins? Is there any way to avoid them?

Mrs. M.D., California
Dear Mrs. D.: Heredity is implicated in some way in many diseases. How great a role this plays in the formation of varicose veins has never really been determined, since there are more obvious causes for them.

In some people there may be a congenital weakness of the muscular walls of the veins, and the valves that lie within them. It is not commonly known that valves do exist in the veins and serve to prevent a backflow of the blood.

It is generally believed that varicose veins became more prevalent when man first stopped walking on all fours and assumed an upright position. The force of gravity places an extra burden on the veins of the legs.

There are two sets of veins that carry blood from the legs and feet back to the heart where the blood once again picks up the oxygen and is returned to the legs through the arteries.

One set of veins is superficial and can be seen on the surface of the legs as they grow larger. A deeper set lies beneath the muscles and is not visible to the eye. Special tests can show the presence of deep varicosities.

The free return flow of blood in the veins can be affected by pregnancy during which the enlargement of the uterus may press on some of the larger veins within the lower abdomen. Other conditions, such as excess weight, may be responsible for the development of varicose veins.

If left unchecked, the veins become larger and unsightly. But the cosmetic appearance is not the only reason why this condition must be attended to early. The muscle cramps, severe fatigue and swelling of the feet and ankles can only lead in the direction of complications that can be avoided by early corrective methods.

At first, elevation of the legs, and an effort to avoid standing in one position at work, can sometimes delay the progress of this condition. Special sup-found a rhyme for "leaf rake."

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

There is no happier look than shines from a small boy's face when the kite he is trying to fly finally takes the sky. It is hard even for a grownup to frown while flying a kite. Frowns do make kites fly.

A girl who studies logic in college will find later in life that it has done more for her than the hours she spent taking notes in her class in Japanese flower arrangements.

It's the fellow who carries the bass drum in the parade who looks like he enjoys the marching the least.

The honeymoon is over when he asks her for an extra 50 cents for lunch, and she insists on knowing why he needs it.

Whenever you see a man take a paper clip off a two-page memo and carefully put it into his desk before reading the memo, you can figure one thing

about him: He may wind up with the most paper clips in the office—but he won't be the one with the biggest job.

Guys who wear feathers in their hats tend to be losers in love.

It's time to give up smoking if, when you wake up in the morning and find your last pack empty, you start pawing through an ashtray looking for a couple of leftover stubs you can light up to start the day.

Fashions change. There used to be a restaurateur who told his headwaiter never to seat a man who wore brown shoes with a blue suit. He said the sight of such a combination made him ill. Now a fellow has no trouble getting a good seat anywhere in town while wearing blue shoes, gold slacks, a brown coat and a black-and-white polka dot necktie—so long as the inside of his wallet is deeply lined with green.

Many old-fashioned American

husbands still stoutly refuse to help do the dishes on the ground that this is woman's work. But if a wife can get her man to wash the windows and praises him enough for how well he did them, sooner or later he'll end up polishing plates at the kitchen sink, too.

One way to judge prosperity is by people's familiarity with the money they use. Practically everyone knows whose face is on the dollar bill and the \$5 bill, but most guys who happen to have a \$10 bill in their pocket have to haul it out and inspect it to identify the face on it.

The difference between experience and learning is that experience is all you have left when you don't learn from experience.

Who can hear church bells ringing at dusk without thinking of something he did during the day that had been better left undone, and something left undone he knows needs doing?

TODAY In History

By THE ASSOCIATED PRESS

Today is Tuesday, Oct. 14, the 287th day of 1969. There are 78 days left in the year.

Today's highlight in history: On this date in 1066, Normans under William the Conqueror defeated the English at the Battle of Hastings.

On this date in 1644, the founder of Pennsylvania, William Penn, was born in London.

In 1834, the first U.S. patent was awarded to a Negro—to Henry Blair of Glenrose, Md., for a corn planter.

In 1933, Germany announced it was withdrawing from the League of Nations.

In 1939, in World War II, it was disclosed that a German submarine had sunk the British battleship, Royal Oak. Some 800 lives were lost.

In 1947, U.S. Air Force Capt. Charles E. Yeager became the first person to fly faster than the speed of sound.

In 1949, Russian occupation authorities in Germany set up an East German puppet state with headquarters in East Berlin.

Ten years ago—The death toll from a cholera outbreak in Pakistan was put at 300.

Five years ago—U.S. civil rights leader Martin Luther King was awarded the Nobel Peace Prize for 1964.

One year ago—The late President Dwight D. Eisenhower celebrated his 78th birthday after a comeback from a series of heart attacks.

Objectors Get Hearing

WASHINGTON (AP) — The Supreme Court agreed Monday to hear a dispute over whether nonreligious objectors to the Vietnam war have a right to be exempt from combat.

Two cases that bear on this question will be heard at a date yet to be set. Both are tests of the conscientious objector provision of the 1967 draft law.

The law grants exemptions only to men who oppose war because of "religious training and belief."

In one case the government is appealing a ruling by Federal Judge Charles E. Wyzanski Jr. of Boston that this distinction amounts to unconstitutional discrimination.

In the other case, a Los Angeles computer engineer, Elliott Ashton Welsh II, is appealing a three-year prison sentence for refusing Army induction.

WASHINGTON MEMO

By Congressman CHALMERS P. WYLIE
15th District of Ohio

Probably the most significant action in Congress this week was the passage by the House of the appropriations for fiscal year 1970 for public works, water pollution control and the Atomic Energy Commission.

For Columbus and central Ohio, it is worth noting that \$1.4 million was approved for construction of the Alum Creek Dam and Reservoir. This represents a \$100,000 increase over the Administration request. It is expected that the Senate will approve the full amount of \$1.4 million. The actual expenditure must then be approved by the Bureau of the Budget and the question arises as to whether this project will be included in the President's order of September 1, 1969, directing a 75 per cent reduction in new contracts. Since this project has previously been funded, we have been led to believe by reliable authority that it will not.

Another item in the bill of particular significance to Ohio is the appropriation of \$600 million for grants to fight water pollution. Committee action to increase the Budget Bureau's request from \$214 million to \$600 million won House approval. An amendment to increase the funds by an additional \$400 million to \$1 billion for grants to construct sewage treatment plants lost on a non-record vote by 146 to 148. It is estimated that Ohio could receive up to \$30 million depending on matching fund availability.

A separate item in the amount of \$2.2 million was added to develop preliminary plans for the elimination and control of pollution in the Great Lakes area, including Lake Erie.

The total new budget obligation authority would provide \$4.5 billion for public works projects and the Atomic Energy Commission.

The House passed and sent to the Senate a bill to provide for Special Programs for Children with special learning disabilities. This legislation authorizes the Commissioner of Education to make grants to institutions of higher education, State and local educational agencies, and other public and private non-profit educational and research agencies and organizations to make contracts with any of those agencies and organizations to carry out special programs for children with special learning disabilities.

The House passed and sent to the Senate a bill to provide for the National Science Foundation has been passed by the House with the condition that none of the research money can go to faculty members or students convicted of rioting, damaging property, contributing to campus disruptions or refusing to obey a lawful order. The bill approved by the House is similar to one already passed by the Senate.

The foundation conducts research programs in all aspects of science, and sponsors a score of educational projects to encourage young persons to become scientists. This authorization is \$74 million above last year's appropriation. The authorization figure will no doubt be reduced in the Appropriations Bill to come later. Ohio State University is a prime beneficiary of National Science Foundation grants.

26 Educational Classes Planned By Pickaway Y

Twenty six Informal Education classes will start the week of Oct. 27.

According to the announcement, ten new classes will make up the fall schedule.

Included for the first time are: Judo, karate, public speaking, conversational Spanish, tape painting, handwriting analysis, and two sessions of yoga, baton, and women's team sports and jogging.

Registration for the 26 classes

Policeman Fixes Bomb

INDIANAPOLIS, Ind. (AP) — An Indianapolis policeman called on his Korean War experience Monday and dismantled a home-made bomb five minutes before it was set to go off.

Sgt. John H. Wise ordered other policemen and spectators away while he cut wires and dismantled an alarm clock connected to a detonator and three two-gallon containers of gasoline.

The device was spotted under the rear porch of a North Side home by a neighbor boy. The owner—Henderson X, identified by police as a Black Muslim—said he had no idea who planted the bomb.

Wise arrived soon after the discovery and estimated the bomb would detonate in 10 to 15 minutes. He said he decided to use his experience dismantling explosive booby traps in Korea because a bomb squad would not have been able to arrive in time.

Members of the Army bomb squad from Ft. Benjamin Harrison said later that Wise had five minutes left when he dismantled the bomb. They said the device was "a professional job"—and added that Wise did a pretty professional job himself.

4 Acquitted Of Robbery In Lorain

CLEVELAND, Ohio (AP) — Four men charged with bank robbery in the theft of \$93,000 from a Lorain County bank were acquitted Monday by a U.S. District Court jury which issued a statement saying the way the crime happened "borders on the absurd."

In the statement read by jury foreman Robert F. Bentley of Hudson, the eight men and four women criticized the Lorain County Savings and Trust Co. and Brink's Inc. for having inadequate security measures.

Joseph Diorio, 27, of Youngstown, and Charles F. Grisham, 22, of Warren, were accused of posing as Brink's guards in taking the money from the bank's branch in the Midway Mall shopping center between Elyria and Lorain in August, 1968.

Also acquitted were Donald J. Coats, 38, of Brook Park, and Joseph Drago, 45, of Cleveland. The prosecution alleged that Coats, a former Brink's guard, helped plan the theft and Drago drove the getaway car.

The four men did not testify during the trial, which went to the jury Friday. The jurors recessed over the weekend.

Bank employees testified during the two-week trial that the \$93,000 was handed over to bogus Brink's guards despite the fact that one of the imposters signed the receipt book in the wrong place twice.

EMERGENCIES

Dale Lanman, 22, of 536 Elm Ave., was burned on his abdomen and right leg by hot coffee.

Police Open TV Center In New York

NEW YORK (AP) — A new police command post is using television cameras to keep an eye on trouble spots in New York.

Mayor John Lindsay and Police Commissioner Howard Leary put the command center—a windowless room with giant, wall-mounted television screens—into operation Monday at Police Headquarters.

The facility and its equipment cost the city \$410,000. It has three functions:

—A special police television network of fixed and mobile cameras will enable headquarters to follow demonstrations and other events as they occur throughout the city. Fixed cameras now cover City Hall Plaza and will be set up at Times Square, Madison Square Garden and United Nations Plaza. Others will be mounted on trucks and police helicopters.

—The command post will be connected by a direct line to a special telephone in each of the city's 78 precincts and several other police units. At the beginning of each shift, after consulting with sergeants in charge and using a small computer, the center will prepare a table showing exactly how many men are on duty and where they are.

—The command post itself—with its huge screens upon which television pictures, tables and detailed maps can be projected and its direct link with the department's communications and dispatch system—will mean faster and more efficient police response to calls.

"Our people visited the Strategic Air Command in Omaha, the Space Center at Houston and the Pentagon, and borrowed the best from each," Lindsay said. "And this extraordinary command center came out of it. It's the most sophisticated police command center in the world."

Florida Government Strong On Pamphlets

TALLAHASSEE, Fla. (AP) — Florida's state government publishes scores of books, pamphlets and newsletters every month.

Those published in recent months include: "Self-feeding Panglossgrass Silage to Wintering Beef Cows" and "Can Molasses in Pig Starter Diets," both works of agricultural scientists at Gainesville.

"Non-parametric Sensitivity Analysis in Linear Programming," University of Florida College for Engineering.

James Barnes, 21, of 326 E. Mound St., lacerated the palm of his left hand at home.

Homer Queen, 64, Mt. Sterling, fractured his left arm and ribs when he fell from a corn crib.

Bruce Sykes, 19, Williamsport, was treated for a foreign object in his left eye.

Bob Johnson, 34, of 1242 Turner Drive, injured a finger of his left hand at work.

Michael Foreman, 24, Ashville, received rope burns of his left hand at work.

Carolyn Floyd, 20, Stoutsville, injured her back in an automobile accident.

Edward Johnson, 26, Chillicothe, injured a finger of his left hand at work.

Arthur Harris, 56, Route 4, lacerated his left hand at work.

Treated in the emergency room on Monday were 26 persons with 17 for medical purposes, one automobile accident and eight non-vehicle accidents.

SGTS. CUT BIZ—June Collins, Australian booking agent, looks in merry spirits on the Senate Permanent Investigations Subcommittee in Washington, where she testified that sergeants in Vietnam cut off her show biz because she wouldn't co-operate on kickbacks by performers.

Weapons Cache Said Approved By U.S. Agency

FAYETTEVILLE, N.C. (AP) — A lawyer for a gun dealer whose name has been linked with Gen. Carl C. Turner says a weapons cache seized here in June was shipped and stored with the knowledge of an unnamed federal agency.

The lawyer, Carl A. Barrington, would neither confirm nor deny that he referred to the Central Intelligence Agency or say what disclosures might be forthcoming if his client goes to trial on federal gun act charges, but commented:

"I have some right big things that are going to come out if they ever try it."

An investigator told a Senate inquiry last week that 23 guns found in raids on the farm and shop of Barrington's client Earl Redick had been traced to Gen. Turner, the Army's former provost marshal general.

The Isles of Scilly number some 140 small islands, islets and clusters of rock 28 miles off the coast of Cornwall. Only five islands are inhabited — St. Mary's, Treco, St. Martin's, St. Agnes and Bryher. About 1,400 of the islands' 1,800 residents live on St. Mary's.

County-Wide Rabies Clinic Slated By Farm Bureau

Plans for a county-wide rabies clinic were released today by Nelson Stevens, Farm Bureau Organization Director.

The rabies clinic will be held on Sunday, November 2, at seven different locations within the county.

"This is a combined effort between the county veterinarians, health board and Farm Bureau Women's Committee," Stevens said.

There will be "stations" set up in Ashville, Williamsport, Derby, Commercial Point, Tarlton, and two in Circleville. At each of these stations a veterinarian will be on duty between 1-5 p.m. to administer rabies vaccine for \$1 per animal.

RABIES is a disease that is not limited to summer months. It can happen at anytime of the year. If a person has been infected by a rabid animal, then that person must take the very painful shots for 14 days.

Stevens points out that rabies has not been wide spread in Ohio this year, but a community should not become complacent.

For example, 1961 was a record low year for incidence

of rabies, the following year there was a 600 per cent increase.

Red China Frees British Newsman

HONG KONG (AP) — A British journalist who worked for the Chinese Communists crossed the border into Hong Kong today with his wife and 14-year-old son after 23 months of detention in Red China.

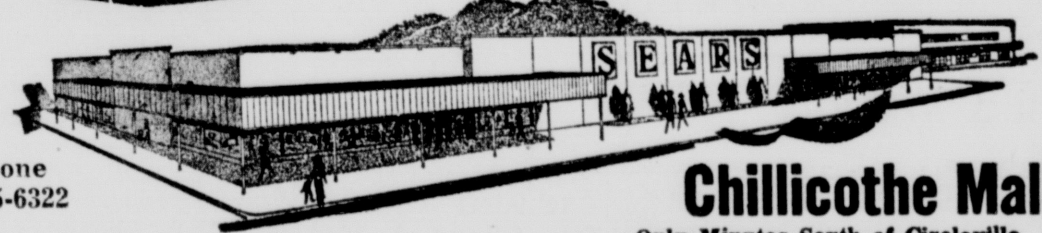

Eric Gordon, his wife Marie and son Kim brought along several wooden crates which he said contained their personal possession, some clothing and a few household effects.

"We are very glad to be out of China," Gordon told Hong Kong immigration officials. "We won't be going back."

Gordon was the third British journalist released by Peking in the past 10 days, since the British government of Hong Kong freed the last of the Communist journalists it had jailed during the Communist campaign of violence here in 1967.

A WINNER PICKS A WINNER — Mindy Poling, winner of "Little Miss Pumpkin Show" title in 1968 selects what she hopes will be a winner in the pumpkin exhibit of the 1969 show from the Coon's Pickaway County farm near Ashville.

26 Educational Classes Planned By Pickaway Y

Twenty six Informal Education classes will start the week of Oct. 27.

According to the announcement, ten new classes will make up the fall schedule.

Included for the first time are: Judo, karate, public speaking, conversational spanish, tote painting, hand-writing analysis, and two sessions of yoga, baton, and women's team sports and jogging.

Registration for the 26 classes

Policeman Fixes Bomb

INDIANAPOLIS, Ind. (AP) — An Indianapolis policeman called on his Korean War experience Monday and dismantled a home-made bomb five minutes before it was set to go off.

Sgt. John H. Wise ordered other policemen and spectators away while he cut wires and dismantled an alarm clock connected to a detonator and three two-gallon containers of gasoline.

The device was spotted under the rear porch of a North Side home by a neighbor boy. The owner—Henderson X, identified by police as a Black Muslim—said he had no idea who planted the bomb.

Wise arrived soon after the discovery and estimated the bomb would detonate in 10 to 15 minutes. He said he decided to use his experience dismantling explosive booby traps in Korea because a bomb squad would not have been able to arrive in time.

Members of the Army bomb squad from Ft. Benjamin Harrison said later that Wise had five minutes left when he dismantled the bomb. They said the device was "a professional job"—and added that Wise did a pretty professional job himself.

will start immediately and will be taken until classes are filled. According to the announcement, registrations must be made by mail or in person.

A COURSE "How to Invest" and Men's Noon Conditioning, have been set up for YMCA members at no charge.

Included also in the fall Informal Education session are youth courses in ballet, baton, guitar and conversational Spanish.

Courses in flower arranging, men's physical fitness, adult and student guitar, will be offered on Mondays.

Team sports and jogging: women's Y's slimnastics, judo, beginning yoga, Spanish public speaking, self-defense, and karate will be offered on Tuesdays.

On Wednesdays beginning baton, ballet, knitting, plain and fancy cooking, handwriting analysis, women's physical fitness will be offered. A second course is yoga, painting, cake decorating will be offered on Thursdays. On Friday afternoon a second baton class will be offered to boys and girls.

According to the announcement, over 350 Pickaway County residents have participated in their YMCA program. Additional information can be obtained by calling 474-8621.

Say Court Ruling Brought Welfare Rise

COLUMBUS, Ohio (AP) — State Welfare Director Denver White attributed a 7 per cent rise in Ohio's Aid to Dependent Children cases the first nine months of this year to the Supreme Court ruling against residency requirements for welfare recipients.

White said Monday the ADC caseload rose from 57,500 in January to 61,500 in September an increase of 4,000 cases. All other welfare categories, he said, have shown declines.

PCC Fund Donors Listed

The Community Fund is seemingly falling short of its \$57,500 goal for this year.

If you have been missed, please send your contribution to: The Pickaway County Community Fund, Box 55, Circleville.

Following are two lists of Pickaway County Community Fund contributors. The first list are business firms where all employees have contributed to the fund. The second list is individuals who have contributed \$100 or more to the 1969 campaign.

4 Acquitted Of Robbery In Lorain

CLEVELAND, Ohio (AP) — Four men charged with bank larceny in the theft of \$93,000 from a Lorain County bank were acquitted Monday by a U.S. District Court jury which issued a statement saying the way the crime happened "borders on the absurd."

In the statement read by jury foreman Robert F. Bentley of Hudson, the eight men and four women criticized the Lorain County Savings and Trust Co. and Brink's Inc. for having inadequate security measures.

Joseph Diorio, 27, of Youngstown, and Charles F. Grisham, 22, of Warren, were accused of posing as Brink's guards in taking the money from the bank's branch in the Midway Mall shopping center between Elyria and Lorain in August, 1968.

Also acquitted were Donald J. Coats, 38, of Brook Park, and Joseph Drago, 45, of Cleveland. The prosecution alleged that Coats, a former Brink's guard, helped plan the theft and Drago drove the getaway car.

The four men did not testify during the trial, which went to the jury Friday. The jurors recessed over the weekend.

Bank employees testified during the two-week trial that the \$93,000 was handed over to bogus Brink's guards despite the fact that one of the imposters signed the receipt book in the wrong place twice.

Arthur Harris, 56, Route 4, lacerated his left hand at work. Treated in the emergency room on Monday were 26 persons with 17 for medical purposes, one automobile accident and eight non-vehicle accidents.

Police Open TV Center In New York

NEW YORK (AP) — A new police command post is using television cameras to keep an eye on trouble spots in New York.

Mayor John Lindsay and Police Commissioner Howard Leary put the command center—a windowless room with giant, wall-mounted television screens—into operation Monday at Police Headquarters.

The facility and its equipment cost the city \$410,000. It has three functions:

—A special police television network of fixed and mobile cameras will enable headquarters to follow demonstrations and other events as they occur throughout the city. Fixed cameras now cover City Hall Plaza and will be set up at Times Square, Madison Square Garden and United Nations Plaza. Others will be mounted on trucks and police helicopters.

—The command post will be connected by a direct line to a special telephone in each of the city's 78 precincts and several other police units. At the beginning of each shift, after consulting with sergeants in charge and using a small computer, the center will prepare a table showing exactly how many men are on duty and where they are.

—The command post itself—with its huge screens upon which television pictures, tables and detailed maps can be projected and its direct link with the department's communications and dispatch system—will mean faster and more efficient police response to calls.

"Our people visited the Strategic Air Command in Omaha, the Space Center at Houston and the Pentagon, and borrowed the best from each," Lindsay said. "And this extraordinary command center came out of it. It's the most sophisticated police command center in the world."

Florida Government Strong On Pamphlets

TALLAHASSEE, Fla. (AP) — Florida's state government publishes scores of books, pamphlets and newsletters every month.

Those published in recent months include: "Self-feeding Pangolagrass Silage to Wintering Beef Cows" and "Can Molasses in Pig Starter Diets," both works of agricultural scientists at Gainesville.

"Non-parametric Sensitivity Analysis in Linear Programming," University of Florida College for Engineering.

Weapons Cache Said Approved By U.S. Agency

FAYETTEVILLE, N.C. (AP) — A lawyer for a gun dealer whose name has been linked with Gen. Carl C. Turner says a weapons cache seized here in June was shipped and stored with the knowledge of an unnamed federal agency.

The lawyer, Carl A. Barrington, would neither confirm nor deny that he referred to the Central Intelligence Agency or say what disclosures might be forthcoming if his client goes to trial on federal gun act charges, but commented:

"I have some right big things that are going to come out if they ever try it."

An investigator told a Senate inquiry last week that 23 guns found in raids on the farm and shop of Barrington's client Earl Redick had been traced to Gen. Turner, the Army's former provost marshal general.

The Isles of Scilly number some 140 small islands, islets and clusters of rock 28 miles off the coast of Cornwall. Only five islands are inhabited — St. Mary's, Treco, St. Martin's, St. Agnes and Bryher. About 1,400 of the islands' 1,800 residents live on St. Mary's.

County-Wide Rabies Clinic Slated By Farm Bureau

Plans for a county-wide rabies clinic were released today by Nelson Stevens, Farm Bureau Organization Director.

The rabies clinic will be held on Sunday, November 2, at seven different locations within the county.

"This is a combined effort between the county veterinarians, health board and Farm Bureau Women's Committee," Stevens said.

There will be "stations" set up in Ashville, Williamsport, Derby, Commercial Point, Tarlton, and two in Circleville. At each of these stations a veterinarian will be on duty between 1-5 p.m. to administer rabies vaccine for \$1 per animal.

Rabies is a disease that is not limited to summer months. It can happen at anytime of the year. If a person has been infected by a rabid animal, then that person must take the very painful shots for 14 days.

Stevens points out that rabies has not been wide spread in Ohio this year, but a community should not become complacent.

For example, 1961 was a record low year for incidence

of rabies, the following year there was a 600 per cent increase.

Red China Frees British Newsmen

HONG KONG (AP) — A British journalist who worked for the Chinese Communists crossed the border into Hong Kong today with his wife and 14-year-old son after 23 months of detention in Red China.

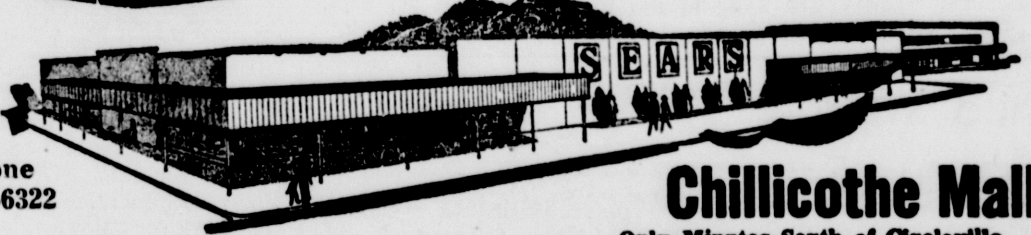

Eric Gordon, his wife Marie and son Kim brought along several wooden crates which he said contained their personal possession, some clothing and a few household effects.

"We are very glad to be out of China," Gordon told Hong Kong immigration officials. "We won't be going back."

Gordon was the third British journalist released by Peking in the past 10 days, since the British government of Hong Kong freed the last of the Communist journalists it had jailed during the Communist campaign of violence here in 1967.

Child Welfare Program For WSCS Meeting

Women's Society of Christian Service of Emmett Chapel United Methodist Church met Wednesday in the social rooms of the church. Mrs. Sylvia Johnson of the Pickaway County Welfare Society was guest speaker.

The business meeting was conducted by Mrs. Robert Bauer, president. Members sang "He Keeps Me Singing." Following prayer, Mrs. Bauer presented the thought for the month, "The highest reward for men's toil is not what he gets for it, but what he becomes by it." She then read Scripture.

Roll call was answered by the 26 members present naming their favorite gospel singer. Mrs. Mary Albright was a guest for the evening.

Mrs. Wells Wilson, program chairman, introduced Mrs. Johnson, who used as her subject "Children's Services." She told of how the Welfare Society worked in the homes, problems encountered with orphans, placement of children in foster homes and how they lived and were cared for. A discussion period followed.

Refreshments were served by the hostess, assisted by Mrs. George Miller Sr., Mrs. Samuel Dearth and Mrs. William Hildenbrand.

Sorority Unit Slates Session

Kappa Alpha Chapter of Beta Sigma Phi Sorority will meet 8 p.m. Tuesday in the home of Mrs. Robert Goodman, 577 Plaza Drive.

Women Teacher Society Meets

Beta Rho Chapter, Delta Kappa Gamma, national honorary for women teachers, met Thursday, at the home of Mrs. Charles Towler. After a business meeting in charge of the president, Mrs. Dick Tootle, a program dealing with educational research, old and new, was presented by Leora Sayre, program chairman. Mrs. John Dowler reminisced about her teaching in a one-room school in New York state. Mrs. O'Dell Baker reported on the progress in the ungraded school in Circleville, and Mrs. George McGhee and Mrs. Van Meter Hulse presented some new ideas in teaching reading.

Hostesses for the meeting were Mrs. Harry Kern and Mrs. Earl Smith. Other members present were Mrs. Judd Dresbach, Mrs. Robert Bush, Mrs. Joseph Peters, Mrs. Ben Nothstine, Mrs. Arthur Beatty, Mrs. Loren Neff, Mrs. William Grooms, Mrs. Bobby Ogle, Mrs. Robert Scranton, Pat Strous, Mrs. Fred Engle, and Mrs. James Scott.

The next meeting will be November 10, 7:45 p.m., at the home of Mrs. Joseph Peters.

Guild 13 Alters Meeting Date

Berger Hospital Guild 13 has postponed its next meeting until Friday, Oct. 24, beginning 12:30 p.m. at Pickaway Arms.

Mia Farrow Expecting Baby

LONDON (AP) — Actress Mia Farrow, who once was Mrs. Frank Sinatra, and Andre Previn, chief conductor of the London Symphony Orchestra, are expecting a baby next spring.

A Previn spokesman said the musician authorized the announcement Monday but would have nothing to say about marriage plans except that "it will all proceed in order."

Previn, 40, and his wife, Dory, a Los Angeles song writer, are separated.

Miss Farrow, 24, was said to be in seclusion in New York. She and Sinatra were married in July 1966, and divorced in August 1968.

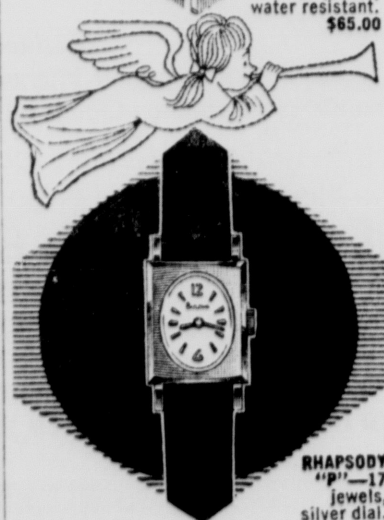

She won critical acclaim in the movie "Rosemary's Baby."

Restroom Design Proves Clever

MILWAUKEE, Wis. (AP) — At the new Performing Arts Center, the restroom entrances have been cleverly worked into the curving walls of the promenade.

Instead of having the usual "men" and "women" emblazoned on the proper doors, the labels are discreetly placed in unobtrusive bronze on the walls.

But when the lights go on for intermission, the bronze becomes almost invisible in the color scheme.

Garden Club Has Program On Dried Arrangements

Mrs. Darrell Hatfield presented the program at the recent meeting of Pickaway County Garden Club. The meeting was held in the home of Mrs. Wilson Ross of Laurelville.

The business session was conducted by Mrs. Willson Leist, president. Announcement was made that the Columbus Regional Council, which includes Pickaway County Garden Club, has selected for the Annual Sears Award project the beautification of the East Side Branch of the YMCA in

Columbus. To be eligible for the award, 100 per cent participation is necessary. Members voted to send a cash donation and material for the project.

Mrs. Theodore Huston reported on the landscaping for the Pickaway County Historical Society. A cash donation will be made from the club.

Program chairman, Mrs. Darrell Hatfield, said the club's program booklet has been entered in competition for two state awards.

The ways and means committee needs more help for the sales table during Pumpkin Show. Those who can assist are asked to call Sally Harden, 474 4726.

Mrs. Howard Davies said that Junior Garden Club members have completed their arrangements to enter in competition for the Flower Show at the Pumpkin Show.

The Garden Club of Ohio's Christmas program will be held Nov. 6, in the Arts and Crafts building at the Ohio State fairgrounds in Columbus.

For her program, Mrs. Hatfield displayed wreaths made of dried materials and candle holders she had made from a variety of seeds and pods including such things as orange seeds and clematis pods.

Mrs. Bernard Savy displayed wreaths and candle holder decorations, pine cone dolls to be used as swags or for children's rooms, owls from pine cones, dried and treated wall plaques with old records as a base and several other items.

Mrs. Hatfield and Mrs. Savy told of processing the materials to be used and equipment needed for these dried arrangements. All club members will have the opportunity to make some of the items displayed at the next workshop to be held 7:30 p.m. Tuesday, Oct. 21, in the home of Mrs. Willson Leist.

There were 26 entries in the mum exhibit. Mrs. Emmett Barnhart gave tips on grooming and preparing mums for exhibition. Best of Show, best disbudged bloom and best spray were all entered by Mrs. Hatfield. Many other specimens were awarded first place in their respective classes.

The next regular meeting will be 7:30 p.m. Nov. 11 at the 4-H and Grange building at the Pickaway County Fairgrounds.

Mrs. Wilson Ross will be program chairman. Mrs. Howard Haines will use as her subject "Terraria And Contained Area." Each member is to bring a container and a few plants to make her own terraria. Marble chips and sterile soil will be furnished. There will also be an exhibition of member's berry branches which will be judged by Mrs. Richard Jones.

Mrs. G. G. Campbell, hostess chairman, and her committee Mrs. Frank Bennett, Mrs. Louise Crawford, Mrs. Charles Pugsley, Mrs. W. E. Deffenbaugh and Mrs. Clarence McAbbee, served cider, homemade candy, pumpkin pie and coffee.

Personals

Mr. and Mrs. Charles L. Arledge of 318 Abernathy Ave., celebrated their 32d Wedding Anniversary Sunday evening with a dinner at the Ponderosa in Columbus. Family members attending were Mr. and Mrs. Ronald E. Arledge, 310 Mingo St.; Mr. and Mrs. Robert Caudill, Route 4 and Mr. and Mrs. William Streber, Kingston.

Miss Beth Ann Young of Amanda spent the weekend with her grandparents, Mr. and Mrs. McClelland Clark, 410 Fay Ave. William M. Young, Amanda, a student at Ohio University in Athens visited on Sunday with his grandparents. They are the children of Mr. and Mrs. Victor H. Young.

Child Service Secretary Is WSCS Speaker

The Women's Society of Christian Service of Community United Methodist Church held its October meeting in the church. The business meeting was conducted by Mrs. William A. Cox, president.

It was announced the general society will cater the Pythian Sisters dinner on Wednesday, Nov. 5 in the church at 5:30 p.m.

Mrs. Herbert Southward asked for additional help on

Wednesday, any time during the day, with the sewing group, which meets in the church.

Mrs. Cox introduced Mrs. Brooks, who spoke in behalf of the Brooks-Yates school which was started in 1960. Though they have moved several times due to lack of space, they still only serve about one third of the people in Pickaway County and are now needing more space. They hope to build a new building for the school and stated there would be an opportunity to vote for this and an operating levy on the ballot in November.

Mrs. Robert Wolford gave devotions concerning the involvement of women in worthwhile activities and needs of today.

Mrs. Arthur Johnson, executive secretary of Pickaway County Child Services was introduced and spoke about the need of the Group Home, located in Circleville on East Main Street. There are eight girls living in the home with a house mother. Here the girl is given the individual attention she needs. She said women of the church could help by being sponsors or tutors. A question and answer period followed.

The program was in keeping

Guests Attend Scioto Chapel Women's Meet

Scioto Chapel Women's Society met at the Robtown Parish Hall Thursday afternoon with Mrs. Robert Drummond, president, presiding at the business session.

Mrs. Ann May, a guest from Carroll, gave the devotion. Her subject was "You Must Be Born Again." She also read Psalm 129. The Rev. John Currens conducted prayer. The hymn was "In The Service Of The King."

Correspondence was read from the NASA thanking the society for their support of Scripture reading by the astronauts while in orbit on Christmas Eve.

Mrs. Elzie Brooks, chairman of the kitchen committee, discussed plans and named committees for the annual Turkey and Ham Supper to be held on Saturday, Nov. 1. Mrs. Wendell Neff and Mrs. Howard Koch were named co-chairmen of the dining room committee. Clean-up day will be Friday, Oct. 24.

On Sunday, Oct. 19 the church and women's society will hold a carry-in dinner for the Rev. and Mrs. Currens and their guests from the Wellston Church.

Mrs. Harold Fee, in charge of the program, read an article "Harvest Time." The hymn was "Bringing In The Sheaves." Contest winners were Rev. Currens and Mrs. Fee. The door prize was won by Mrs. Charles Huston.

At the close of the program a dessert course was served to 18 members and 5 guests present by the hostesses, Mrs. Frank Noggle, Mrs. Mabel Isham, Mrs. Cecil Ward and Mrs. William Nichols. Guests were the Rev. and Mrs. Currens, Mrs. May, Mrs. Sarah Fullen and Mrs. Dean Isham.

Pastels, first, Lovenna Runyon with "Devastation," and second, Dorothy Doughterty, "Geraniums."

Mixed Media, first, Evelyn Bastian, "Fall Fantasy," second, Martha Reid, "Man On A Horse," and third Evelyn Bastian, "Faded Rose."

Prints and Drawings, first, Lovenna Runyon, "Mystic Seascape," second, Lisa Yaple, "Evening Silhouette," and third, Evelyn Bastian, "Owl," with honorable mention to Mary Jane Watt for "Bottles."

Mia Farrow Expecting Baby

LONDON (AP) — Actress Mia Farrow, who once was Mrs. Frank Sinatra, and Andre Prev- in, chief conductor of the London Symphony Orchestra, are expecting a baby next spring.

A Previn spokesman said the musician authorized the announcement Monday but would have nothing to say about marriage plans except that "it will all proceed in order."

Previn, 40, and his wife, Dory, a Los Angeles song writer, are separated.

Miss Farrow, 24, was said to be in seclusion in New York. She and Sinatra were married in July 1966, and divorced in August 1968.

She won critical acclaim in the movie "Rosemary's Baby."

Restroom Design Proves Clever

MILWAUKEE, Wis. (AP) — At the new Performing Arts Center, the restroom entrances have been cleverly worked into the curving walls of the promenade.

Instead of having the usual "men" and "women" emblems on the proper doors, the labels are discreetly placed in unobtrusive bronze on the walls.

But when the lights go on for intermission, the bronze becomes almost invisible in the color scheme.

Hostesses for the meeting were Mrs. Harry Kern and Mrs. Earl Smith. Other members present were Mrs. Judd Dresbach, Mrs. Robert Bush, Mrs. Joseph Peters, Mrs. Ben Nothstine, Mrs. Arthur Beatty, Mrs. Loren Neff, Mrs. William Grooms, Mrs. Bobby Ogle, Mrs. Robert Scanton, Pat Strous, Mrs. Fred Engle, and Mrs. James Scott.

The next meeting will be November 10, 7:45 p.m., at the home of Mrs. Joseph Peters.

Guild 13 Alters Meeting Date

Berger Hospital Guild 13 has postponed its next meeting until Friday, Oct. 24, beginning 12:30 p.m. at Pickaway Arms.

Killed In Mishap

AKRON, Ohio (AP)—A North Canton man was killed and another worker received a severe shock when a steel beam came in contact with a power line at an apartment construction site here Monday afternoon.

Killed was Eugene Piercy, 48, Madison Morris Jr., 42, of Akron, was treated for shock at Akron General Hospital.

Child Welfare Program For WSCS Meeting

Women's Society of Christian Service of Emmett Chapel United Methodist Church met Wednesday in the social rooms of the church. Mrs. Sylvia Johnson of the Pickaway County Welfare Society was guest speaker.

The business meeting was conducted by Mrs. Robert Bauer, president. Members sang "He Keeps Me Singing." Following prayer, Mrs. Bauer presented the thought for the month, "The highest reward for men's toil is not what he gets for it, but what he becomes by it." She then read Scripture.

Roll call was answered by the 26 members present naming their favorite gospel singer. Mrs. Mary Albright was a guest for the evening.

Mrs. Wells Wilson, program chairman, introduced Mrs. Johnson, who used as her subject "Children's Services." She told of how the Welfare Society worked in the homes, problems encountered with orphans, placement of children in foster homes and how they lived and were cared for. A discussion period followed.

Refreshments were served by the hostess, assisted by Mrs. George Miller Sr., Mrs. Samuel Dearth and Mrs. William Hildenbrand.

Sorority Unit Slates Session

Kappa Alpha Chapter of Beta Sigma Phi Sorority will meet 8 p.m. Tuesday in the home of Mrs. Robert Goodman, 577 Plaza Drive.

Dear Abby: More Readers On Breast Feeding

DEAR ABBY: I just read that letter from the woman who wanted you to recommend a doctor who would give her hormone shots so she could breastfeed her ADOPTED baby. What kind of nut is she anyway? Who ever heard of a woman who has not been pregnant being able to nurse a baby? I know that some mothers who have enough milk to nurse more than one baby sometimes take on the dubious pleasure of breastfeeding babies other than their own, but a woman who thinks SHE can nurse an adopted baby has got to be nuttier than a fruitcake. AMAZED IN PENSACOLA, FLA.

DEAR ABBY: I was one of those old fashioned mothers who cried for a week when I realized I couldn't breastfeed my baby. I heard about the La Leche league and asked my doctor about it. He said, "Mother's milk is overrated." Also that bottle babies were better off because the mother always knew exactly how much milk the baby got at every feeding, and she could be SURE the quality of the milk was consistent and GOOD. (Not all nursing mothers have GOOD milk, you know. And some don't have enough, and the poor child practically starves to death on the breast.)

I've had mothers tell me that the reason they nursed their babies was because it gave them a feeling of "total" motherhood. Some of those nursing mothers should examine their own motives.

"PRO-BOTTLE." STATE COLLEGE, PA.

DEAR ABBY: Please tell that woman who wanted to breastfeed her adopted baby that she CAN do it if she really wants to! And she doesn't need hormone shots either. All a woman needs is a BABY and the determination to nurse. Mother's milk is created by the sucking of the infant. It's as simple as that!

NURSED MY ADOPTED CHILD
DEAR ABBY: I am writing about the woman who wanted to breastfeed an adopted baby. I belong to the La Leche league and know of many cases where

Girl Wins Miniskirt 'Ratio Test'

SHERIDAN, Wyo. (AP) — Claudia Ziegel is proud of her 2.2 ratio.

It won for Claudia the contest last week to determine the Sheridan College coed with the shortest miniskirt.

Judging was based on a ratio between inches from knee to hemline and inches from floor to knee. Clyde Smith, president of Circle K, the campus organization which sponsored the contest, said the ratio was necessary to equalize judging among tall and short girls.

"At first the girls were pretty shy of my tape measure," Smith said with a grin. "But as the day went on they became friendly and didn't mind too much."

Bessie Rettinghouse was second with a 2.25 ratio and Joyce Fuller third with 2.34. All three were awarded honorary memberships in the all-male organization.

And Smith said the group gained 35 members.

Money Is Awarded To Cleveland Schools

COLUMBUS, Ohio (AP)—The State Board of Education awarded \$1.4 million Monday to the East Cleveland public school system to develop a full vocational education program.

Dr. Leonard Visel, East Cleveland superintendent of schools, told the board his system had \$1.5 million and needed that additional \$1.4 million to begin immediate work on the program.

Haynsworth Given Boost By Bar Group

WASHINGTON (AP) — Judge Clement F. Haynsworth's nomination to the Supreme Court has been boosted by a second endorsement from the American Bar Association's Judiciary Committee.

The influential committee, a group of 12 lawyers, announced in New York Sunday night it had reinspected Haynsworth's nomination in the light of conflict of interest charges and found no reason to change its earlier endorsement.

The exact vote was not disclosed. Committee Chairman Lawrence E. Walsh, noting the original report favoring Haynsworth had been unanimous, said only that a substantial majority voted to reaffirm their original finding. He testified at Senate Judiciary Committee hearings Sept. 18 the ABA considered Haynsworth to be "highly qualified."

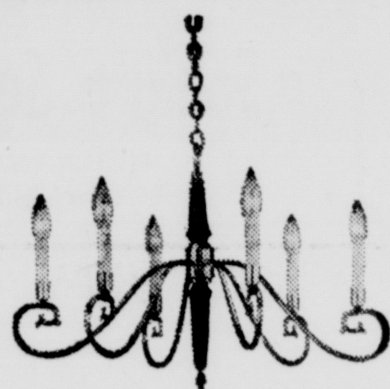

Sen. Ernest F. Hollings, D-S.C., a chief supporter of the nomination, said the continued approval of the bar committee "will be a tremendous boost to the confirmation of Judge Haynsworth" to fill the seat vacated by the resignation of Justice Abe Fortas.

However, a leading critic of Haynsworth, Sen. Birch Bayh, D-Ind., maintained the outcome of the bar committee's reassessment "is not particularly surprising or unexpected but I think it puts the bar association in a very unfortunate and inconsistent position."

Haynsworth, chief judge of the 4th U.S. Court of Appeals, gained the approval of the Senate Judiciary Committee, 10-7, but faces a tough fight in the full Senate.

Soviets Find Selves Still With Old Problems

By ANTHONY C. COLLINGS
Associated Press Writer

MOSCOW (AP) — Five years after they ousted Nikita Khrushchev, his successors find themselves with many of his problems.

Khrushchev incurred worldwide wrath and turned many foreign Communists against Moscow for crushing the Hungarian revolt. The new Kremlin leaders suffered the same fate when they sent tanks into Prague.

Khrushchev gambled by giving Cuba rockets, and lost prestige when the United States made him take them back. To a lesser extent, his successors lost prestige when they gambled on arming the Arabs and saw them beaten by Israel in 1967. But the pro-Arab policy of the new Soviet regime has paid dividends in vastly extended Soviet seapower in the Mediterranean.

Like the man they overthrew five years ago today, Communist party chief Leonid I. Brezhnev and Premier Alexei N. Kosygin find themselves confronted with a hostile China. It has been a major headache for them from the start. Only two days after Khrushchev's ouster.

Red China tested its first atomic bomb.

One of the reported causes for Khrushchev's removal was a charge that he had mishandled the dispute with China. The new Brezhnev-Kosygin team halted criticism and sent Kosygin to Peking early in 1965, but this failed to prevent the split from widening. Press attacks on the Chinese resumed here, trade dwindled, and starting last March border clashes broke out.

Lately there have been moves reminiscent of the regime's early efforts to patch things up. Press attacks have nearly disappeared. Last month Kosygin went to Peking again, and this month China announced agreement to resume border talks broken off in 1964.

In another recent move reminiscent of five years ago, the

Soviet government has dangled hope for Berlin talks before the West and shown interest in a treaty with Bonn to mutually renounce force.

Just before his ouster Khrushchev also was moving toward an attempt to improve relations with West Germany. He even sent his son-in-law, Alexei Adzhubei, to Bonn.

While facing many of Khrushchev's same problems and even continuing some of his policies, the new team has avoided his earthy, unpredictable style. Gone are the quips and shoe-pounding at the United Nations. Kosygin is the picture of sobriety.

The colorless style is linked with a caution in foreign policy which has been reflected in the regime's pace in moving toward U.S.-Soviet talks on arms limitation.

The Brezhnev-Kosygin caution has also carried over into domestic affairs. Where Khrushchev tried and discarded one economic experiment after another, the new team has moved slowly toward carrying out its one reform—a profit-oriented scheme designed to free factory managers to improve efficiency and make better products.

Whether it will win out against the dead hand of bureaucracy in the state-run economy remains to be seen.

His successors have been at least as tough as Khrushchev, if not tougher, in cracking down on free-thinking artists and writers.

Man Wounds Sister, Turns Gun On Self

DAYTON, Ohio (AP) — Ossie Marbury Jr., 22, Dayton, shot himself to death Monday after he wounded one of his two sisters in a quarrel, police reported.

Marbury, according to police, was questioning Pricilla Barnes, 21, and his other sister, Lucilla Marbury, 21, on the whereabouts of his wife.

When the sisters refused to answer, police said Marbury reportedly flipped a coin to see which sister he'd shoot first, and then opened fire with a .357 magnum revolver, firing three rounds at each.

He wounded Pricilla in the left arm, chest and lower back, and then fired one shot into his chest. Mrs. Barnes was in satisfactory condition at a Dayton hospital.

Dear Abby: By Abigail Van Buren

More Readers On Breast Feeding

DEAR ABBY: I just read that letter from the woman who wanted you to recommend a doctor who would give her hormone shots so she could breastfeed her ADOPTED baby. What kind of nut is she anyway? Who ever heard of a woman who has not been pregnant being able to nurse a baby? I know that some mothers who have enough milk to nurse more than one baby sometimes take on the dubious pleasure of breastfeeding babies other than their own, but a woman who thinks SHE can nurse an adopted baby has got to be nuttier than a fruitcake.

AMAZED IN PENSACOLA, FLA.

DEAR ABBY: I was one of those old fashioned mothers who cried for a week when I realized I couldn't breastfeed my baby. I heard about the La Leche league and asked my doctor about it. He said, "Mother's milk is overrated." Also that bottle babies were better off because the mother always knew exactly how much milk the baby got at every feeding, and she could be SURE the quality of the milk was consistent and GOOD. (Not all nursing mothers have GOOD milk, you know. And some don't have enough, and the poor child practically starves to death on the breast.)

I've had mothers tell me that the reason they nursed their babies was because it gave them a feeling of "total" motherhood. Some of those nursing mothers should examine their own motives.

"PRO-BOTTLE." STATE COLLEGE, PA.

DEAR ABBY: Please tell that woman who wanted to breastfeed her adopted baby that she CAN do it if she really wants to! And she doesn't need hormone shots either. All a woman needs is a BABY and the determination to nurse. Mother's milk is created by the sucking of the infant. It's as simple as that!

NURSED MY ADOPTED CHILD

DEAR ABBY: I am writing about the woman who wanted to breastfeed an adopted baby. I belong to the La Leche league and know of many cases where

Girl Wins Miniskirt 'Ratio Test'

SHERIDAN, Wyo. (AP) — Claudia Ziegel is proud of her 2.2 ratio.

It won for Claudia the contest last week to determine the Sheridan College coed with the shortest miniskirt.

Judging was based on a ratio between inches from knee to hemline and inches from floor to knee. Clyde Smith, president of Circle K, the campus organization which sponsored the contest, said the ratio was necessary to equalize judging among tall and short girls.

"At first the girls were pretty shy of my tape measure," Smith said with a grin. "But as the day went on they became friendly and didn't mind too much."

Bessie Rettinghouse was second with a 2.25 ratio and Joyce Fuller third with 2.34. All three were awarded honorary memberships in the all-male organization.

And Smith said the group gained 35 members.

Money Is Awarded To Cleveland Schools

COLUMBUS, Ohio (AP)—The State Board of Education awarded \$1.4 million Monday to the East Cleveland public school system to develop a full vocational education program.

Dr. Leonard Visci, East Cleveland superintendent of schools, told the board his system had \$1.5 million and needed that additional \$1.4 million to begin immediate work on the program.

Haynsworth Given Boost By Bar Group

WASHINGTON (AP) — Judge Clement F. Haynsworth's nomination to the Supreme Court has been boosted by a second endorsement from the American Bar Association's Judiciary Committee.

The influential committee, a group of 12 lawyers, announced in New York Sunday night it had reinspected Haynsworth's nomination in the light of conflict of interest charges and found no reason to change its earlier endorsement.

The exact vote was not disclosed. Committee Chairman Lawrence E. Walsh, noting the original report favoring Haynsworth had been unanimous, said only that a substantial majority voted to reaffirm their original finding. He testified at Senate Judiciary Committee hearings Sept. 18 the ABA considered Haynsworth to be "highly qualified."

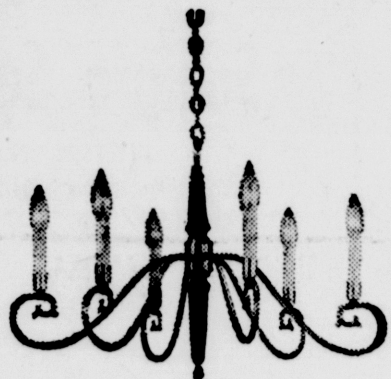

Sen. Ernest F. Hollings, D-S.C., a chief supporter of the nomination, said the continued approval of the bar committee "will be a tremendous boost to the confirmation of Judge Haynsworth" to fill the seat vacated by the resignation of Justice Abe Fortas.

However, a leading critic of Haynsworth, Sen. Birch Bayh, D-Ind., maintained the outcome of the bar committee's reassessment "is not particularly surprising or unexpected but I think it puts the bar association in a very unfortunate and inconsistent position."

Haynsworth, chief judge of the 4th U.S. Court of Appeals, gained the approval of the Senate Judiciary Committee, 10-7, but faces a tough fight in the full Senate.

Soviets Find Selves Still With Old Problems

By ANTHONY C. COLLINGS
Associated Press Writer

MOSCOW (AP) — Five years after they ousted Nikita Khrushchev, his successors find themselves with many of his problems.

Khrushchev incurred worldwide wrath and turned many foreign Communists against Moscow for crushing the Hungarian revolt. The new Kremlin leaders suffered the same fate when they sent tanks into Prague.

Khrushchev gambled by giving Cuba rockets, and lost prestige when the United States made him take them back. To a lesser extent, his successors lost prestige when they gambled on arming the Arabs and saw them beaten by Israel in 1967. But the pro-Arab policy of the new Soviet regime has paid dividends in vastly extended Soviet seapower in the Mediterranean.

Like the man they overthrew five years ago today, Communist party chief Leonid I. Brezhnev and Premier Alexei N. Kosygin find themselves confronted with a hostile China. It has been a major headache for them from the start. Only two days after Khrushchev's ouster,

Red China tested its first atomic bomb.

One of the reported causes for Khrushchev's removal was a charge that he had mishandled the dispute with China. The new Brezhnev-Kosygin team halted criticism and sent Kosygin to Peking early in 1965, but this failed to prevent the split from widening. Press attacks on the Chinese resumed here, trade dwindled, and starting last March border clashes broke out.

Lately there have been moves reminiscent of the regime's early efforts to patch things up. Press attacks have nearly disappeared. Last month Kosygin went to Peking again, and this month China announced agreement to resume border talks broken off in 1964.

In another recent move reminiscent of five years ago, the

Soviet government has dangled hope for Berlin talks before the West and shown interest in a treaty with Bonn to mutually renounce force.

Just before his ouster Khrushchev also was moving toward an attempt to improve relations with West Germany. He even sent his son-in-law, Alexei Adzhubei, to Bonn.

While facing many of Khrushchev's same problems and even continuing some of his policies, the new team has avoided his earthy, unpredictable style. Gone are the quips and shoe-pounding at the United Nations. Kosygin is the picture of sobriety.

The colorless style is linked with a caution in foreign policy which has been reflected in the regime's pace in moving toward U.S.-Soviet talks on arms limitation.

The Brezhnev-Kosygin caution has also carried over into domestic affairs. Where Khrushchev tried and discarded one economic experiment after another, the new team has moved slowly toward carrying out its one reform—a profit-oriented scheme designed to free factory managers to improve efficiency and make better products.

Whether it will win out against the dead hand of bureaucracy in the state-run economy remains to be seen.

His successors have been at least as tough as Khrushchev, if not tougher, in cracking down on free-thinking artists and writers.

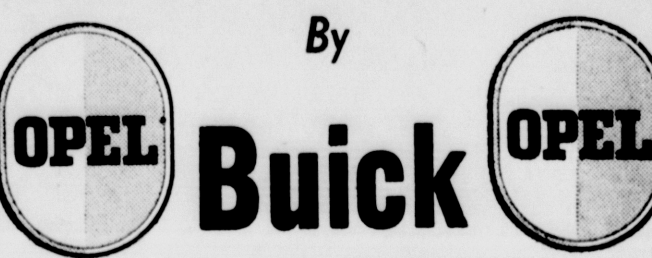

Brezhnev is the top man, but he is careful to bill himself as the first among equals on the 11-man party Politburo which runs the country.

Khrushchev, an officially anonymous "unperson," his

name banned from the press, lives quietly in a suburban Moscow country home.

The regime occasionally lets him make public appearances — to vote for the men who overthrew him.

FIRST COLLEGE BAND — The Otterbein College Marching Band will march at the Circleville Pumpkin Show and will present a concert 7 p.m. Thursday at the West Main St. platform. Pumpkin Show program director Jim Shea believes it is the first college band to perform at the annual fall festival. The band is an 80-member ensemble within the department of music at Otterbein and features a 28 member "O" squad, under the direction of Gary R. Tirey.

Easter Seal Unit Plans Anniversary

The Pickaway County Easter Seal Society held its October meeting at Society headquarters, 108 Reber Avenue, with Mrs. Elliott Mason, president, in charge.

Tentative plans were made for delegates and members to attend the Golden Anniversary Convention to be held in Columbus in November.

A very interesting program with the theme "Promise for Tomorrow," is in store for members of Easter Seal Societies from many parts of the United States.

It was noted that the United States Post Office Department has scheduled the issuance, on November 20, of a postage stamp encouraging the rehabilitation of crippled children and adults.

The new stamp commemorates the Golden Anniversary of the Easter Seal movement which began with the Ohio Society for Crippled Children, founded 50 years ago in 1919 in Elyria. This stamp may be purchased at the Convention. Official first day covers (cacheted envelopes bearing the new stamp and cancelled on the first day of issue) will be available to the general public through the Easter Seal Society's national headquarters at 2023 West Ogden Avenue, Chicago, Ill.

Mrs. Manley Carothers and Mrs. A. W. Goeller will prepare

GOP 'Populism' Idea Explained

WASHINGTON (AP) — The man who formulated the so-called "Southern strategy" credited by some with helping Richard M. Nixon into the White House—says the idea was misnamed.

Instead, says Kevin Phillips, the concept behind the Republican party's resurgence is "conservative populism," a strategy linking America's middle class regardless of sectional boundaries.

But the author of the book "The Emerging Republican Majority" insisted in an interview his political thesis did not amount to the GOP writing off the Eastern Seaboard.

"What we're building on is a sort of populist majority," said Phillips, a 28-year-old assistant to Atty. Gen. John N. Mitchell.

A self-labeled conservative, Phillips said the key to the GOP's future is in the South, traditionally a citadel of solid Democratic voting, and he claimed new coalitions between Negroes and white liberals will not overcome GOP advances in the states of the Old Confederacy.

"It doesn't strike me as too likely," said Phillips, "that the poor whites and the poor blacks of the South will get together."

The barrier to such a coalition, he suggested, lies in the traditional antipathy between

a window display for the Society at The Economy Savings and Loan during the week of Pumpkin Show.

It was announced the Epilepsy Clinic will be conducted at the Chillicothe Hospital on Oct. 21.

Mrs. Loretta Cloverdel was a guest at the meeting.

The next meeting is scheduled for Nov. 4.

southern Negroes and whites. "Racial differences are a fact of human nature," he said.

Phillips predicted that the South—especially the border states—will become "more and more like the rest of the country," and he foresaw a trend in which GOP candidates will win

Auxiliary Officer Dies Of Wound

COLUMBUS, Ohio (AP) — An auxiliary police sergeant who was shot during a dairy store robbery died early today in Riverside Hospital.

The victim, Lawrence Kipfinger, 45, walked inside a North Side Lawson's Dairy Store Monday night and was shot in the head by one of two youthful gunmen, police reported.

Police took two youths in custody for questioning.

9th Horse Sale Held In Cleveland

CLEVELAND, Ohio (AP) — The ninth annual international horse sale at Northfield Park ends today with 100 horses on the auction block.

The sale opened Monday with 109 horses bringing a total of \$106,450 for an average of \$977.

Top price of the day was \$4,800 paid by Wayne Welby, agent from Dartmouth, Nova Scotia, for All Time Great, a bay colt consigned by Pickwick Farm of Bucyrus, Ohio.

Frank Vorrell of Bedford, Ohio, bought another Pickwick Farm horse, King of Pickwick, for \$4,200, the second highest price.

3 More Ohioans Die In Vietnam

WASHINGTON (AP) — The Defense Department reported Monday that two more Ohioans have been killed in recent action in Vietnam.

They were Air Force Lt. William F. Unckrich, Gallion, and Army Pfc. James A. Biehl, Cleveland, whose status was changed from missing to dead from hostile causes.

Navy Aviation Support Equipment Technician 3 C. Michael L. Bowman, Warren, was listed as having died from nonhostile causes.

Supreme Court Rejects Ohio Case

WASHINGTON (AP) — The Supreme Court turned down without comment Monday a hearing for a Columbus, Ohio, night club operator who lost his liquor license over the performance of a fully-clothed go-go dancer.

State liquor authorities stripped Broadway Enterprises, Inc., of the license after finding that dancer Eva Stein's performance at the Broadway Restaurant in 1967 "suggested an immoral act." The night club argued her dance met the high court's obscenity test.

The Fertilizer Efficiency Gambler

Some farmers think fertilizing in the fall is a waste. The facts can show quite the contrary.

In the fall you can plow more deeply and get deeper fertilizer placement. And plowed down fertilizers help decay crop residues in time to feed the crop next spring, rather than compete with it for nutrients.

Why not bet on the better way? Plowdown with Sohigro fertilizer now and get greater yields.

Talk to your Sohigro man today. He'll give you the straight story on fall fertilization.

Fall plowdown is for the birds... the smart ones

Less filling

More filling

This not-too-small car is big enough for you and your friends. For example, five fit comfortably in a Nova coupe. Along with all your luggage.

Yet, this same not-too-large car is small enough for a budget.

Even a frugal one.

For starters you have not one, not two, but three standard engine choices. Four. Six. Or V8. Just depends on how thrifty you want to be.

Nova comes one of two ways: Coupe or Sedan. Each on an ample 111" wheelbase. Each with bias belted ply tires on 14" wheels.

From there, your Chevrolet dealer can help you put together any kind of Nova you want.

But plan on more friends.

And fewer fuel stops.

Putting you first, keeps us first.

GOP 'Populism' Idea Explained

WASHINGTON (AP) — The man who formulated the so-called "Southern strategy" credited by some with helping Richard M. Nixon into the White House—says the idea was misnamed.

Instead, says Kevin Phillips, the concept behind the Republican party's resurgence is "conservative populism," a strategy linking America's middle class regardless of sectional boundaries.

But the author of the book "The Emerging Republican Majority" insisted in an interview his political thesis did not amount to the GOP writing off the Eastern Seaboard.

"What we're building on is a sort of populist majority," said Phillips, a 28-year-old assistant to Atty. Gen. John N. Mitchell.

A self-labeled conservative, Phillips said the key to the GOP's future is in the South, traditionally a citadel of solid Democratic voting, and he claimed new coalitions between Negroes and white liberals will not overcome GOP advances in the states of the Old Confederacy.

"It doesn't strike me as too likely," said Phillips, "that the poor whites and the poor blacks of the South will get together."

The barrier to such a coalition, he suggested, lies in the traditional antipathy between

a window display for the Society at The Economy Savings and Loan during the week of Pumpkin Show.

It was announced the Epilepsy Clinic will be conducted at the Chillicothe Hospital on Oct. 21.

Mrs. Loretta Cloverdell was a guest at the meeting.

The next meeting is scheduled for Nov. 4.

State of Ohio, Department of Insurance, Certificate of Compliance—The undersigned, Superintendent of Insurance of the State of Ohio, hereby certifies that **CONTINENTAL INSURANCE COMPANY**, of New York, State of New York, has complied with the laws of this State applicable to it and is authorized during the current year to transact in this state its appropriate business of insurance. Its financial condition is shown by its annual statement to have been as follows on December 31, 1968: Admitted assets, \$1,750,558,569.83; Liabilities, \$637,302,008.48; Net assets, \$1,113,256,561.35; Capital, \$33,566,360.00; Surplus, \$1,079,690,201.35; Income, \$902,529,280.67; Expenditures, \$745,580,636.19.

IN WITNESS WHEREOF, I have hereunto subscribed my name and caused my seal to be affixed at Columbus, Ohio, this day and date, July 1, 1969. Fred B. Smith, Superintendent of Insurance of Ohio. (Seal) 131

State of Ohio, Department of Insurance, Certificate of Compliance—The undersigned, Superintendent of Insurance of the State of Ohio, hereby certifies that **FOREMOST INSURANCE COMPANY**, of Grand Rapids, State of Michigan, has complied with the laws of this State applicable to it and is authorized during the current year to transact in this state its appropriate business of insurance. Its financial condition is shown by its annual statement to have been as follows on December 31, 1968: Admitted assets, \$48,180,874.08; Liabilities, \$43,833,422.06; Net assets, \$4,347,452.02; Capital, \$1,500,000.00; Surplus, \$2,847,452.02; Income, \$22,091,837.35; Expenditures, \$7,397,396.42.

IN WITNESS WHEREOF, I have hereunto subscribed my name and caused my seal to be affixed at Columbus, Ohio, this day and date, July 1, 1969. Fred B. Smith, Superintendent of Insurance of Ohio. (Seal) 190

State of Ohio, Department of Insurance, Certificate of Compliance—The undersigned, Superintendent of Insurance of the State of Ohio, hereby certifies that **GRAIN DEALERS MUTUAL INSURANCE COMPANY**, of Indianapolis, State of Indiana, has complied with the laws of this State applicable to it and is authorized during the current year to transact in this state its appropriate business of insurance. southern Negroes and whites. "Racial differences are a fact of human nature," he said.

Phillips predicted that the South—especially the border states—will become "more and more like the rest of the country," and he foresaw a trend in which GOP candidates will win

Auxiliary Officer Dies Of Wound

COLUMBUS, Ohio (AP) — An auxiliary police sergeant who was shot during a dairy store robbery died early today in Riverside Hospital.

The victim, Lawrence Kipfinger, 45, walked inside a North Side Lawson's Dairy Store Monday night and was shot in the head by one of two youthful gunmen, police reported.

Police took two youths in custody for questioning.

9th Horse Sale Held In Cleveland

CLEVELAND, Ohio (AP) — The ninth annual international horse sale at Northfield Park ends today with 100 horses on the auction block.

The sale opened Monday with 109 horses bringing a total of \$106,450 for an average of \$977.

Top price of the day was \$4,800 paid by Wayne Whelby, agent from Dartmouth, Nova Scotia, for All Time Great, a bay colt consigned by Pickwick Farm of Bucyrus, Ohio.

Frank Vorrell of Bedford, Ohio, bought another Pickwick Farm horse, King of Pickwick, for \$4,200, the second highest price.

State of Ohio, Department of Insurance, Certificate of Compliance—The undersigned, Superintendent of Insurance of the State of Ohio, hereby certifies that **KENTUCKY CENTRAL INSURANCE COMPANY**, of Lexington, State of Kentucky, has complied with the laws of this State applicable to it and is authorized during the current year to transact in this state its appropriate business of insurance. out over old-line Democrats in those areas.

In the Deep South, he said, "former Alabama Gov. George C. Wallace will not 'run as well as last time' if he chooses to seek the presidency in 1972."

According to Phillips, his ideas have been misinterpreted. And, he says, misconceptions have led to reports that he has been muzzled by the Nixon administration.

"That is not true," he said. But he refused to comment or declined to talk for the record concerning any subjects possibly at variance with administration pronouncements.

Claiming his book has been misunderstood, Phillips contended the central thesis was that "the New Deal cycle of Democratic supremacy has foundered on the cycle of obsolescence."

"It has now given way to a new cycle of Republican predominance based on the great desire of the American people to decentralize the administration and the role of government in national life."

But Phillips saw one obstacle in the path of the drive toward Republican dominance—the Vietnam war.

"If you have 550,000 men in Vietnam in 1972," he said, "it could undermine my theory."

Buying a new car? Be a name dropper.

When he asks how you want to pay, drop our name. Just say, "We'll help with new car money, or money for a better one. Lots of people call us first and drop their name — then drop by for their money. It's up to you."

3 More Ohioans Die In Vietnam

WASHINGTON (AP) — The Defense Department reported Monday that two more Ohioans have been killed in recent action in Vietnam.

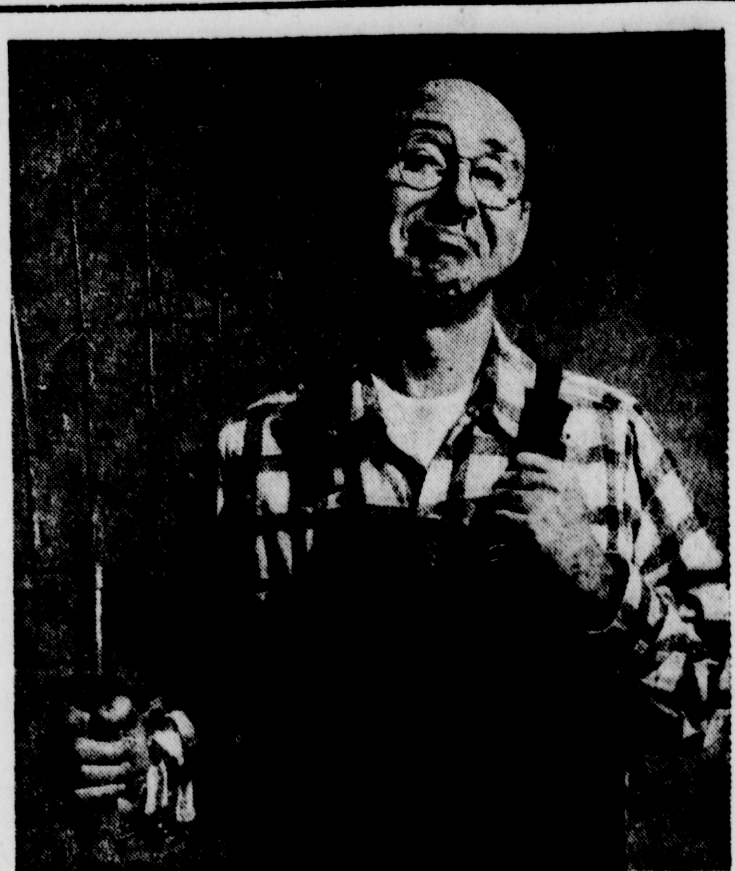

They were Air Force Lt. William F. Unckrich, Gallion, and Army Pfc. James A. Biehl, Cleveland, whose status was changed from missing to dead from hostile causes.

Navy Aviation Support Equipment Technician 3 C. Michael L. Bowman, Warren, was listed as having died from nonhostile causes.

Supreme Court Rejects Ohio Case

WASHINGTON (AP) — The Supreme Court turned down without comment Monday a hearing for a Columbus, Ohio, night club operator who lost his liquor license over the performance of a fully-clothed go-go dancer.

State liquor authorities stripped Broadway Enterprises, Inc., of the license after finding that dancer Eva Stein's performance at the Broadway Restaurant in 1967 "suggested an immoral act." The night club argued her dance met the high court's obscenity test.

The Fertilizer Efficiency Gambler

Some farmers think fertilizing in the fall is a waste. The facts can show quite the contrary.

In the fall you can plow more deeply and get deeper fertilizer placement. And plowed down fertilizers help decay crop residues in time to feed the crop next spring, rather than compete with it for nutrients.

Why not bet on the better way? Plowdown with Sohigro fertilizer now and get greater yields.

Talk to your Sohigro man today. He'll give you the straight story on fall fertilization.

Fall plowdown is for the birds... the smart ones

'70 Nova

Less filling

More filling

This not-too-small car is big enough for you and your friends. For example, five fit comfortably in a Nova coupe. Along with all your luggage. Yet, this same not-too-large car is small enough for a budget. Even a frugal one. For starters you have not one, not two, but three standard engine choices. Four, Six, Or V8. Just depends on how thrifty you want to be.

Nova comes one of two ways: Coupe or Sedan. Each on an ample 111" wheelbase. Each with bias belted ply tires on 14" wheels. From there, your Chevrolet dealer can help you put together any kind of Nova you want. But plan on more friends. And fewer fuel stops. Putting you first, keeps us first.

Upper Arlington Widens Its Lead In AP Grid Poll

COLUMBUS, Ohio (AP)—Upper Arlington's Golden Bears spread their lead over Canton McKinley this week to bolster their No. 1 ranking in The Associated Press weekly poll of high school football teams.

The Bears rolled up 183 points in balloting by sports writers and sportscasters who vote in the poll to increase their lead by 27 over McKinley, a team that trailed by only nine points last week in Class AA competition.

The Bears, with a 25-0 game winning streak, blitzed Zanesville 28-6 over the weekend, shoving the Blue Devils from seventh to 10th place.

Canton knocked off Niles McKinley, 15-6, dropping the losers from third to seventh.

A scoreless tie with Steubenville wiped No. 10 Massillon off the standings while unregistered Kenton moved into a tie with Zanesville for tenth place. Kenton handed Lima Bath a 4-0 shutout.

A 45-0 victory over Mansfield pushed fifth-place Elyria into the No. 3 slot.

In Class A competition, Newark Catholic held on to its No. 1 spot but Norwalk St. Paul improved its No. 2 ranking, reducing Newark's 22 point lead to 11.

Newark Catholic smashed Centerburg 60-0 while Norwalk St. Paul romped to a 26-0 victory over South Central.

McDonald, maintaining its No. 3 slot, downed Mineral Ridge 14-0, and Cory Rawson held on to fourth place with a 38-6 victory over Leipsic.

Granville, now 5-1 for the year, moved from ninth place to sixth after defeating Amanda-Clearcreek, and Dennison St.

Mary moved from eighth to seventh after trouncing Indian Valley South 36-0.

Marion Catholic, seventh place last week, dropped out of the top 10 after losing 8-6 to Mt. Gilead, a team that now shares 10th place with Sandusky St. Mary.

COLUMBUS, Ohio (AP)—Here's the way the teams are ranked in the weekly Associated Press High School football poll (points on a 10-9 basis):

Class AA				
School	W	L	T	Pts.
1. Upper Arlington	6	0	0	183
2. Canton McKinley	6	0	0	156
3. Elyria	6	0	0	123
4. Warren W. R.	6	0	0	121
5. Sandusky	6	0	0	117
6. Cincinnati Moel	6	0	0	98
7. Niles McKinley	4	1	0	64
8. Jackson	6	0	0	43
9. Shelby	5	0	1	32
10. Kenton	5	0	0	29
11. Zanesville	5	1	0	29

Class A				
School	W	L	T	Pts.
1. Newark Cath.	6	0	0	711
2. Norwalk St. Paul	6	0	0	160
3. McDonald	6	0	0	128
4. Cory Rawson	6	0	0	121
5. Granville	5	1	0	85
6. Mechanicsburg	6	0	0	69
7. Denison St. Mary	5	0	0	68
8. Paint Valley	6	0	0	53
9. New Albany	5	0	1	52
10. Mt. Gilead	5	1	0	30
11. Sandusky St. M.	4	1	1	30

Others receiving 10 or more points: Northwood 29, Bluffton 23, West Jefferson 18, Marion Catholic 18, Greenview 17, Edison 15, Pleasantville 14, Carey 14, Covington 14, Arlington 13, Portsmouth Notre Dame 13, Big Walnut 13, Versailles 10, Smithfield 10, and Marion Pleasant 10.

Associated Press Sports Writer
NEW YORK (AP)—Hanging out the college football wash: You think American sports writers are the only second-guessers? Get a load of this from the Mexican sports newspaper Esto after the National University's varsity team lost 20-14 to the Florida State freshmen Friday night.

"Once again a national team falls before a team of American novices whose use in the American universities is to hold the dummies while their big league companions practice.

"When will they play against high schools?"

Those in the know weren't too surprised Saturday when Fort Valley State of Georgia edged Knoxville of Tennessee 106-6. Fort Valley also squeaked by last year 84-9.

Football's 100th anniversary will be celebrated—again—with Saturday's Navy-Rutgers game in New Brunswick N. J., according to the National Football Foundation and Hall of Fame.

Governors of the 50 states have proclaimed Oct. 11-18 National Football Foundation and Hall of Fame Week and midshipmen from the Naval Academy from each state will present their governor's proclamation to the foundation at halftime.

Near-Hero Dept.: Virginia Tech's Jack Simcesak kicked field goals of 55 and 36 yards and got punts of 57, 52, 58, 54 and 61 yards—then missed a 46-yard field goal attempt with 11 seconds left and Tech lost to Kentucky 7-6.

Southern California and Arkansas switched positions, the Trojans moving to third place and the Razorbacks dipping to fourth. Southern Cal edged Stanford 26-24 and Arkansas downed Baylor, 21-7.

Penn State held fifth place followed by Missouri and Tennessee. Penn State beat West Virginia, 20-0. Missouri, a 17-1 victor over Nebraska, climbed one place to sixth while Tennessee advanced three positions to seventh after defeating Georgia Tech, 26-8.

UCLA routed Washington State, 46-14. LSU whipped Miami, Fla. 20-0 and Florida edged Tulane, 18-7.

THEY'RE VORACIOUS FEEDERS, THEY TRAVEL IN SCHOOLS, WILL HIT ANYTHING. MIGRATION STARTS IN EARLY SEPTEMBER AND CONTINUES THROUGH JANUARY OFF SOUTHERN WATERS, MOVE NORTH. GOOD SPOT TO TRY FOR THEM IS WHEN YOU NOTE THE SEA GULLS SWEEPING OVER AN AREA.

Colts Manage To Get By Philadelphia Eagles, 24-20

BALTIMORE (AP)—Coach Don Shula says his Baltimore Colts "really made it exciting for everybody right down to the end."

The defending National Football League champions, rated 14 point favorites, sputtered Monday night in a light drizzle before hanging on for a 24-20 victory over the injury-riddled Philadelphia Eagles.

Shula said he was happy the Colts had won, but he didn't appear overly impressed with the victory which squared Baltimore's record at 2-2. The surprisingly tough Eagles now are 1-3.

"We kept them in the game for all 60 minutes," Shula said with a shallow laugh. "But the defense came up with the big plays when it counted and we came away with a win."

The score was tied three times and the Eagles led the same number before succumbing in the contest before a sell-out crowd of 56,864.

The Eagles dressing room wasn't a very happy place following the game which had been shifted from Sunday because of the World Series.

Quarterback Norm Snead, whose receivers dropped at least nine key passes all night, was driving the Eagles to the Baltimore 10 when time ran out in the final period.

Sophomore Bobby Moore set a modern Oregon scoring record with three touchdowns and a two-point conversion catch for 20 points but fumbled in the final minute and the Ducks bowed to San Jose State 36-34.

Think-You've-Got-Troubles Dept.: Columbia, 0-3, lost to Harvard 51-0 and also lost its top offensive threats, end Bill Wazevich and fullback Kevin Brown, with injuries for 3-6 weeks.

They shall not pass, was the decision reached by Indiana's Johnny Pont and Southern Methodist's Hayden Fry.

"I like pitch and catch football, but I like the hard-nose kind better," said Pont, after his Hoosiers threw the ball 85 times and lost two of their first three games. Indiana went to the air only seven times in beating Minnesota 17-7.

Halfback John Isenbarger gained 184 yards and set a career rushing mark of 1,684. SMU's Chuck Hixon, the nation's leading passer a year ago, completed a career low of 14 of 22 for 145 in the Mustangs' 19-17 triumph over Texas Christian. But they gouged out 316 yards on the ground and ran 16 consecutive times to get back in the game.

Coach Tom Cahill suffered through an unhappy 50th birthday Saturday as Army lost to Notre Dame 45-0. It brought back bitter memories.

Air-Ground Balance Eyed For Buckeyes

COLUMBUS, Ohio (AP)—Could it be that Ohio State Coach Woody Hayes is having second thoughts about his three- yards - and-a-cloud-of-dust theory?

"This week we'll try to get better balance between running and passing," Hayes, obviously aware that the ground attack of his No. 1 ranked Buckeyes isn't unstoppable, said Monday.

Five years ago a statement like that from Hayes, a longtime exponent of grind-it-out football, would have been almost unheard of, or possibly heretic.

But Saturday's impressive 54-21 victory over talented Michigan State had smattered of a sluggish ground attack which bogged under vicious resistance from the Spartan line.

"If they crowd us we'll put the ball in the air," said Hayes, indicating he would like to throw a highly refined running attack at winless Minnesota Saturday in Minneapolis.

Obviously, Hayes isn't about to give up the running game, but statistics from the Bucks' first three encounters show there's something left to be desired in Ohio's ground game.

The Bucks have racked up 1- (Continued on Page 11)

Mets Open Home Contests Today

By MIKE RATHET
Associated Press Sports Writer
NEW YORK (AP)—Frank Scott, who pioneered in selling baseball stars for endorsements, finds the world of Madison Ave. revealing in dollar and cents terms the phenomenon of the New York Mets—small change as individuals but valued at \$250,000 as a group.

"In my 19 years in this business I've never seen anything like it—and maybe it explains what the Mets' really are," said Scott before today's third game of the World Series. "Instead of being individual sells the Mets are a team sell."

"Undoubtedly that's because in those 19 years there never has been a team like the Mets—with no real star standing way above the others. It doesn't really matter what a guy hit during the season or what his pitching record was."

"As long as he's a Met—an Amazing Met—that's all that seems to count."

"Even though Tom Seaver won 25 games," Scott continued, "the agencies tell you he didn't win the pennant alone. They say there were a lot of guys just as important who came in for one inning to pitch and they point to guys like Kranepool and Boswell who don't play every day."

"They tell me they can't single out any guys and they don't think the average fans throughout the country can—so they've been buying groups of Mets because what they really want to say is that they've got the Amazing Mets."

Scott, who has handled Mickey Mantle, Roger Maris, Sandy Koufax, Frank Robinson, Carl Yastrzemski after their biggest seasons, estimates that the Mets could, as a group, make as much as \$250,000 if they go on to beat the Baltimore Orioles.

Among those Orioles as the teams took the field for the 1 p.m. EDT, start of the game which was being telecast nationally by NBC was Frank Robinson—who has become somewhat of a focal point for what seems to be developing into an intense rivalry.

Limping as he worked out Monday on a sore left leg bruised severely when he slammed a foul on the foot during batting practice Sunday, Robinson's physical condition

remained somewhat of a question as the third game began.

Robinson did not collect a hit in seven at-bats during the first two games and also failed to make a hit with New York fans by demeaning the attitude of the players on the Met bench during the weekend split in which the Orioles won the opener 4-1 and the Mets the second game 2-1.

Citing the Mets' bench as "looking lifeless" and questioning their enthusiasm, the veteran Baltimore outfielder has drawn the reply from Mets' Manager Gil Hodges that his players "are normal people doing normal things" on the bench.

But it has been suggested by some people that Robinson also may be tangling with the phenomenon—and the mystique—of the Mets, a team with few headline stars that has seemed to produce far beyond its capabilities on paper.

"I can't say what he's looking for," said Met catcher Jerry Grote. "But if he's watching us—he's worried about us."

Whether that was the case or not, a different atmosphere prevailed at Shea Stadium than in Baltimore's Memorial Stadium as the Mets sent Gary Gentry, 13-12, out to pitch against the Orioles' Jim Palmer, 16-4.

The shift in scene put the

Mets back in front of their enthusiastic banner-bearing fans, noticeably absent in the quiet crowds at Baltimore, where the biggest stir was created by four Met wives carrying a "Let's Go Mets" banner through the stands.

The shift from a left-hander to a right-hander by the Orioles sent the Mets back to their lefty-swinging line-up with Ed Kranepool at first, Ken Boswell at second, Wayne Garrett at third and Art Shamsky in right field.

Sitting down were Donn Clendenon, Al Weis, Ed Charles and Ron Swoboda. The quartet had a composite batting average of .308 in the first two games and all were vital to the second game triumph, Clendenon with a homer, Weis with the game-winning hit, Charles with a single and a double and Swoboda with two good catches.

The weatherman predicted a 30 per cent chance of rain during the day with a high temperature in the 70s.

Weather permitting, the fourth and fifth games also are scheduled for New York, Wednesday and Thursday. If additional games are necessary in the best-of-seven series, they are scheduled for Baltimore Saturday and Sunday after an off-day for travel Friday.

3 New Grid Teams Make Top 10

By BEN OLAN
Associated Press Sports Writer
UCLA, Louisiana State and Florida soared into the Top Ten in The Associated Press' major college football poll today while Ohio State maintained a solid first-place lead over Texas.

The Bruins, 5-0, advanced from 11th to the No. 8 position. LSU climbed from 14th to ninth and Florida advanced from 12th to 10th. Oklahoma, Georgia and Purdue, each a loser last Saturday, dropped into the Second Ten.

Ohio State, 3-0 after walloping Michigan State 54-21, collected 31 first-place votes and five for second, accumulating 710 points in the balloting by a national panel for 36 sports writers and broadcasters.

Texas, a 27-17 victor over Oklahoma, drew five votes for the No. 1 spot and 638 points.

Southern California and Arkansas switched positions, the Trojans moving to third place and the Razorbacks dipping to fourth. Southern Cal edged Stanford 26-24 and Arkansas downed Baylor, 21-7.

Penn State held fifth place followed by Missouri and Tennessee. Penn State beat West Virginia, 20-0. Missouri, a 17-1 victor over Nebraska, climbed one place to sixth while Tennessee advanced three positions to seventh after defeating Georgia Tech, 26-8.

UCLA routed Washington State, 46-14. LSU whipped Miami, Fla. 20-0 and Florida edged Tulane, 18-7.

Notre Dame, which crushed Army 45-0, heads the Second Ten. The Irish zoomed four places from 15th. Oklahoma tumbled four positions to 12th. Michigan's 31-20 victory over Purdue enabled the Wolverines

to move into 13th place while the Boilermakers fell from ninth to 17th. Michigan was not ranked last week.

Georgia, a 25-17 loser to Mississippi, slipped from sixth to 14th and Ole Miss, unranked a week ago, moved into 19th place. Auburn, in a 20th place tie last week, advanced to 15th and Wyoming moved up two notches to 16th. Auburn crushed Clemson 53-0 and Wyoming whipped Texas-El Paso, 37-9.

Stanford fell from 16th to 18th and Alabama dropped seven places to 20th after its 14-10 loss to Vanderbilt.

West Virginia, No. 17 a week ago, dropped out of the rankings as did Michigan State, 19th, and Nebraska, tied for 20th. The Mountaineers were beaten by Penn State, 20-0.

Ohio State takes on Minnesota this Saturday. Southern California meets Notre Dame and

Penn State plays Syracuse. Texas and Arkansas are idle.

The Top Twenty, with first-place votes in parentheses, season records and total points for the first 12 picks on a 20-18-16-14-12-10-9-8-etc. basis:

1. Ohio State (31)	710
2. Texas (5)	638
3. Southern California	478
4. Arkansas	458
5. Penn State	423
6. Missouri	391
7. Tennessee	333
8. UCLA	300
9. Louisiana State	218
10. Florida	192
11. Notre Dame	130
12. Oklahoma	122
13. Michigan	83
14. Georgia	71
15. Auburn	47
16. Wyoming	46
17. Purdue	45
18. Stanford	39
19. Mississippi	36
20. Alabama	31

Upper Arlington Widens Its Lead In AP Grid Poll

COLUMBUS, Ohio (AP)—Upper Arlington's Golden Bears spread their lead over Canton McKinley this week to bolster their No. 1 ranking in The Associated Press weekly poll of high school football teams.

The Bears rolled up 183 points in balloting by sports writers and sportscasters who vote in the poll to increase their lead by 27 over McKinley, a team that trailed by only nine points last week in Class AA competition.

The Bears, with a 25-0 game winning streak, blitzed Zanesville 28-6 over the weekend, shoving the Blue Devils from seventh to 10th place.

Canton knocked off Niles McKinley, 15-6, dropping the losers from third to seventh.

A scoreless tie with Steubenville wiped No. 10 Massillon off the standings while unregistered Kenton moved into a tie with Zanesville for tenth place. Kenton handed Lima Bath a 4-0 shutout.

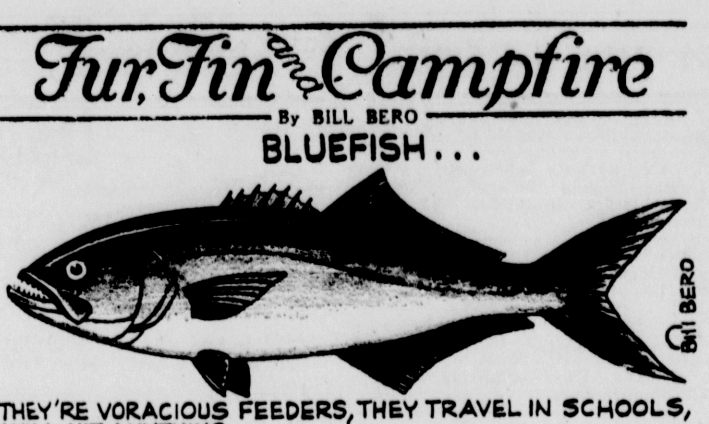

A 45-0 victory over Mansfield pushed fifth-place Elyria into the No. 3 slot.

In Class A competition, Newark Catholic held on to its No. 1 spot but Norwalk St. Paul improved its No. 2 ranking, reducing Newark's 22 point lead to 11.

Newark Catholic smashed Centerville 60-0 while Norwalk St. Paul romped to a 26-0 victory over South Central.

McDonald, maintaining its No. 3 slot, downed Mineral Ridge 14-0, and Cory Rawson held on to fourth place with a 38-6 victory over Leipsic.

Granville, now 5-1 for the year, moved from ninth place to sixth after defeating Amanda-Clearcreek, and Dennison St.

Colts Manage To Get By Philadelphia Eagles, 24-20

BALTIMORE (AP) — Coach Don Shula says his Baltimore Colts "really made it exciting for everybody right down to the end."

The defending National Football League champions, rated 14 point favorites, sputtered Monday night in a light drizzle before hanging on for a 24-20 victory over the injury-riddled Philadelphia Eagles.

Shula said he was happy the Colts had won, but he didn't appear overly impressed with the victory which squared Baltimore's record at 2-2. The surprisingly tough Eagles now are 1-3.

"We kept them in the game for all 60 minutes," Shula said with a shallow laugh. "But the defense came up with the big plays when it counted and we came away with a win."

The score was tied three times and the Eagles led the same number before succumbing in the contest before a sell-out crowd of 56,864.

The Eagles dressing room wasn't a very happy place following the game which had been shifted from Sunday because of the World Series.

Quarterback Norm Snead, whose receivers dropped at least nine key passes all night, was driving the Eagles on the Baltimore 10 when time ran out in the final period.

Air-Ground Balance Eyed For Buckeyes

COLUMBUS, Ohio (AP) — Could it be that Ohio State Coach Woody Hayes is having second thoughts about his three-year-old - and a cloud of - dust theory?

"This week we'll try to get better balance between running and passing," Hayes, obviously aware that the ground attack of his No. 1 ranked Buckeyes isn't unstoppable, said Monday.

Five years ago a statement like that from Hayes, a long-time exponent of grind-it-out football, would have been almost unheard of, or possibly heretic.

But Saturday's impressive 54-21 victory over talented Michigan State had smattered a slushy ground attack which bogged under vicious resistance from the Spartan line.

"If they crowd us we'll put the ball in the air," said Hayes, indicating he would like to throw a highly refined running attack at winless Minnesota Saturday in Minneapolis.

Obviously, Hayes isn't about to give up the running game, but statistics from the Bucks' first three encounters show there's something left to be desired in Ohio's ground game.

The Bucks have racked up 1-3.

Mets Open Home Contests Today

By MIKE RATHET
Associated Press Sports Writer

NEW YORK (AP) — Frank Scott, who pioneered in selling baseball stars for endorsements, finds the world of Madison Ave. revealing in dollar and cents terms the phenomenon of the New York Mets—small change as individuals but valued at \$250,000 as a group.

"In my 19 years in this business I've never seen anything like it—and maybe it explains what the Mets' really are," said Scott before today's third game of the World Series. "Instead of being individual sells the Mets are a team sell."

"Undoubtedly that's because in those 19 years there never has been a team like the Mets—with no real star standing above the others. It doesn't really matter what a guy hit during the season or what his pitching record was."

"As long as he's a Met—an Amazing Met—that's all that seems to count."

"Even though Tom Seaver won 25 games," Scott continued, "the agencies tell you he didn't win the pennant alone. They say there were a lot of guys just as important who came in for one inning to pitch and they point to guys like Kranepool and Boswell who don't play every day."

"They tell me they can't single out any guys and they don't think the average fans throughout the country can—so they've been buying groups of Mets because what they really want to say is that they've got the Amazing Mets."

Scott, who has handled Mickey Mantle, Roger Maris, Sandy Koufax, Frank Robinson, Carl Yastrzemski after their biggest seasons, estimates that the Mets could, as a group, make as much as \$250,000 if they go on to beat the Baltimore Orioles.

Among those Orioles as the teams took the field for the 1 p.m. EDT, start of the game which was being telecast nationally by NBC was Frank Robinson—who has become somewhat of a focal point for what seems to be developing into an intense rivalry.

Limping as he worked out Monday on a sore left leg bruised severely when he slammed a foul on the foot during batting practice Sunday, Robinson's physical condition remained somewhat of a question as the third game began.

Robinson did not collect a hit in seven at-bats during the first two games and also failed to make a hit with New York fans by demeaning the attitude of the players on the Met bench during the weekend split in which the Orioles won the opener 3-1 and the Mets the second game 2-1.

Citing the Mets' bench as "looking lifeless" and questioning their enthusiasm, the veteran Baltimore outfielder has drawn the reply from Mets' Manager Gil Hodges that his players "are normal people doing normal things" on the bench.

But it has been suggested by some people that Robinson also may be tangling with the phenomenon—and the mystique—of the Mets, a team with few headline stars that has seemed to produce far beyond its capabilities on paper.

"I can't say what he's looking for," said Met catcher Jerry Grote. "But if he's watching us—he's worried about us."

Whether that was the case or not, a different atmosphere prevailed at Shea Stadium than in Baltimore's Memorial Stadium as the Mets sent Gary Gentry, 13-12, out to pitch against the Orioles' Jim Palmer, 16-4.

The shift in scene put the Mets back in front of their enthusiastic banner-bearing fans, noticeably absent in the quiet crowds at Baltimore, where the biggest stir was created by four Met wives carrying a "Let's Go Mets" banner through the stands.

The shift from a left-hander to a right-hander by the Orioles sent the Mets back to their lefty-swinging line-up with Ed Kranepool at first, Ken Boswell at second, Wayne Garrett at third and Art Shamsky in right field.

Sitting down were Donn Clendenon, Al Weis, Ed Charles and Ron Swoboda. The quartet had a combined batting average of .308 in the first two games and all were vital to the second game triumph, Clendenon with a homer, Weis with the game-winning hit, Charles with a single and a double and Swoboda with two good catches.

The weatherman predicted a 30 per cent chance of rain during the day with a high temperature in the 70s.

Weather permitting, the fourth and fifth games also are scheduled for New York Wednesday and Thursday. If additional games are necessary in the best-of-seven series, they are scheduled for Baltimore Saturday and Sunday after an off-day for travel Friday.

Today's SPORTS

QUESTIONS

1—Where is Jerry Park?
2—Eddie Robinson is a famed football coach. Where?
3—Who is the only player to hit a ball completely out of Memorial Stadium in Baltimore?

HOOHEE?

A quarterback at Duke in his playing days, this fellow is an outstanding pro quarterback today. His first name is Christian and he's a restaurant owner in East.

ANSWERS

1—Frank Robinson.
2—At Grambling, in Louisiana.
3—Monte Alcorn, home of the (Hoohee) Sonny Burgess. Distributed by Central Press

Hang Out The Football Wash

By HERSCHEL NISSENSEN
Associated Press Sports Writer

NEW YORK (AP) — Hanging out the college football wash: You think American sports writers are the only second-guessers? Get a load of this from the Mexican sports newspaper Esto after the National University's varsity team lost 20-14 to the Florida State freshmen Friday night.

"Once again a national team falls before a team of American novices whose use in the American universities is to hold the dummies while their big league companions practice."

"When will they play against high schools?"

Those in the know weren't too surprised Saturday when Fort Valley State of Georgia edged Knoxville of Tennessee 106-6. Fort Valley also squeaked by last year 84-9.

Football's 100th anniversary will be celebrated—again—with Saturday's Navy-Rutgers game in New Brunswick N. J., according to the National Football Foundation and Hall of Fame.

Governors of the 50 states have proclaimed Oct. 11-18 National Football Foundation and Hall of Fame Week and midshipmen from the Naval Academy from each state will present their governor's proclamation to the foundation at halftime.

Near-Hero Dept.: Virginia Tech's Jack Simcak kicked field goals of 55 and 36 yards and got off punts of 55, 57, 52, 58, 54 and 61 yards — then missed a 46-yard field goal attempt with 11 seconds left and Tech lost to Kentucky 7-6.

Sophomore Bobby Moore set a modern Oregon scoring record with three touchdowns and a two-point conversion catch for 20 points but fumbled in the final minute and the Ducks bowed to San Jose State 36-34.

Think-You've-Got-Troubles Dept.: Columbia, 0-3, lost to Harvard 51-0 and also lost its top offensive threats, end Bill Wazewich and fullback Kevin Brown, with injuries for 3-6 weeks.

They shall not pass, was the decision reached by Indiana's Johnny Pont and Southern Methodist's Hayden Fry.

"I like pitch and catch football, but I like the hard-nose kind better," said Pont, after his Hoosiers threw the ball 85 times and lost two of their first three games. Indiana went to the air only seven times in beating Minnesota 17-7.

Halfback John Isenbarger gained 184 yards and set a career rushing mark of 1,684.

SMU's Chuck Hixon, the nation's leading passer a year ago, completed a career low of 14 of 22 for 145 in the Mustangs' 19-17 triumph over Texas Christian.

But they gouged out 316 yards on the ground and ran 16 consecutive times to get back in the game.

Coach Tom Cahill suffered through an unhappy 50th birthday Saturday as Army lost to Notre Dame 45-0. It brought back bitter memories.

"On my 38th birthday I lost a game 38-0," he recalled. "Ara Parseghian had a helluva problem when Notre Dame got to 45. He didn't know how to hit 50."

NBA Opens 24th Season With Russell Out Of Game

NEW YORK (AP) — The National Basketball Association begins tonight its 24th season, a new-look season that marks the end of one era and possibly the beginning of another.

Gone is retired Bill Russell, the dominating Boston player-coach whose defensive and rebounding mastery led the Celtics to 11 world championships in his 13 years in the NBA.

With 33-year-old Wilt Chamberlain also nearing the end of his career, the man expected to replace Russell is Lew Alcindor, the 7-foot-2 three-time UCLA All-American drafted by the Milwaukee Bucks.

The much-publicized Alcindor and the Bucks don't swing into action until Saturday afternoon against Detroit on national television and by then the four new NBA coaches, including former Boston greats Bob Cousy and Tom Heinsohn, will have made their debuts. So will Connie Hawkins, a prize in the NBA's struggle against the rival American Basketball Association.

One of the new coaches, Lenbie Wilkins, an All-Star guard and the only player-coach in the league, begins his new chores tonight when his Seattle SuperSonics kick off the season against the New York Knicks in Madison Square Garden, the only game scheduled.

Baltimore, expected to be replaced by the Knicks as the Eastern Division champs, hosts Chicago Wednesday night while Seattle plays at Atlanta, which lost center Zelmo Beaty to the ABA, and the Knicks travel to Cincinnati for Cousy's debut as the Royals' coach. Cousy came out of brief retirement from college coaching to try to get the Royals back into the playoffs.

Hawkins, a superstar who deserted the ABA for Phoenix, takes his first shot in the NBA Thursday against San Diego and Elvin Hayes.

Boston, without Russell and with Heinsohn the new coach and unheralded Henry Finkel the new center, begins what is expected to be the unsuccessful defense of its NBA title against Cincinnati Friday night.

Los Angeles, still favored in the West with Chamberlain, Elgin Baylor and Jerry West and new coach Joe Mullaney, and the Philadelphia 76ers meet in

'Sparky' Anderson Hires Alex Grammas

CINCINNATI (AP) — A second member of the ousted Pittsburgh coaching staff was hired today by new Cincinnati Reds Manager George "Sparky" Anderson.

Third base Coach Alex Grammas, an infielder for the Reds from 1956 through 1958, was hired in addition to fired Pittsburgh Manager Larry Shepard.

Anderson, himself was appointed Friday to replace Dave Bristol as Reds pilot.

PHOENIX, Ariz. (AP) — Army Maj. Lones Wigger, Carter, Mont., won his fourth straight gold medal Monday in the ninth annual U.S. International Shooting Championships by winning the army rifle match.

Wigger, a long time member of the U.S. Army Marksmanship Unit and a veteran of Vietnam, scored 558 points.

Booster Meet Tonight

The Circleville High School Booster Club will meet 8 p.m. tonight at the high school cafeteria. Films of the Miami Trace Game will be shown.

their opener, also Friday night.

Mullaney, a successful coach at Providence College, took over for Butch van Breda Kolf, who was fired for his failure to get along with Chamberlain. Van Breda Kolf has taken over the coaching job at Detroit.

Marjorie Spalding,

Air-Ground ... Billy Martin Dismissed As Minnesota Manager

(continued from page 9)

467 yards rushing, a big share of it in aerial warfare — 608 passing and 859 on the ground. Against Michigan State, Ohio picked up 233 yards in the air and 167 on the ground.

Looking ahead to Saturday, when the Bucks hopefully make Minnesota their 18th straight victim to extend the longest winning streak in the nation, Hayes told his weekly press gathering that "We are going to be ready for a good football team."

"We won't take them lightly."

Racina Champion

MOSPORT, Ont. (AP) — Epie Wietzes of Thornhill, Ont., Monday became the 1969 Canadian road racing champion by winning his fifth race in a nine-race series for Formula A, B and C cars. Wietzes drove a Lola T142 and led every lap of the 45-lap, 110-mile race.

SHERIFF'S SALE OF REAL ESTATE

The State of Ohio, Pickaway, County Arthur Foll Plaintiff

vs.

John W. Pontious et al Defendant

NO. 25523

In pursuance of an Alias Order of Sale in Partition in the above entitled action, I will offer for sale at public auction, at the door of Court House in Circleville, in the above named County, on Monday, the 3rd day of November, 1969, at 1:30 o'clock P.M., the following described real estate, situate in the County of Pickaway and State of Ohio, and in the City of Circleville, to-wit:

Being the South halves of Lots Number Seven Hundred Ninety Eight (798) and Seven Hundred Ninety Nine (799) according to the revised numbering of the lots of said City of Circleville, Ohio.

Said Premises Located at 609 South Washington Street, Circleville, Ohio.

Said Premises Appraised at \$1,500.00 (One Thousand Five Hundred Dollars) and cannot be sold for less than two-thirds of that amount.

TERMS OF SALE: Ten per cent (10 per cent) deposit on date of sale with balance in cash or certified check upon delivery of deed.

Dwight E. Radcliff, Sheriff Pickaway County, O.

E. A. Smith, Attorney

Sept. 30, Oct. 7, 14, 21 & 28

MINNEAPOLIS - ST. PAUL (AP) — Billy Martin acknowledges he stepped on some toes to get his job done.

And by doing so, he knows it led partly to his dismissal Monday as manager of the Minnesota Twins despite leading them to the West Division title of the American League in his rookie season.

Calvin Griffith, Twins president, announced in New York that he had fired Martin for defying front office "policy and guidelines."

Martin's reply from Minnesota was simple.

Glass And Sumner Are Slightly Hurt

CLEVELAND, Ohio (AP) — Rookie tight end Chip Glass and defensive back Walt Sumner each suffered a strained knee in the Cleveland Browns' victory over the New Orleans Saints Sunday, but both are expected to be ready for the Pittsburgh Steelers here next Saturday night.

Walter Johnson also is expected to be ready despite a sprained ankle suffered at New Orleans, but trainer Leo Murphy isn't quite as optimistic about either of the fullbacks—Ron Johnson or Bo Scott.

Now Many Wear FALSE TEETH With Little Worry

Do your false teeth annoy and embarrass by slipping, dropping, or wobbling when you eat, laugh or talk? Then sprinkle a little FASTEETH on your plates. FASTEETH holds dentures firmer and more comfortably. Makes eating easier. It's alkaline—doesn't sour. No gummy, gooey, pasty taste or feel. Helps check plate odor. Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

"I did the job at my end. That's all I was asked to do."

Five players reportedly went to Griffith, Martin said, and complained they did not like the way the club was being managed.

"Every manager — as I stated in spring training — is liked and disliked by his players," said Martin, the 41-year-old former New York Yankee infielder. "Every manager has a job to do — to make the team win. Sometimes you step on toes to get the job done."

"There were competitors who did the job and some who will be competitors in the future," Martin said. "They will appreciate it 10 years from now. But I was very proud of all of my players."

"Some players are always interested only in having a good year themselves and don't care about the team," Martin said. "In order to have a winning team you must have self-sacrifice. Then your players have good years too."

Griffith, who faces widespread public criticism because of Martin's vast popularity with the fans, said in his statement:

"Prior to hiring him, realizing his explosive personality and his inexperience as a manager, I had numerous meetings with him to set policy and guidelines. I feel he has completely ignored our understandings."

Nobis May Face Surgery On Knee

ATLANTA, Ga. (AP)—Doctors are expected to decide today or Wednesday whether to operate on the Atlanta Falcon's All-Pro linebacker Tommy Nobis, who sustained a knee injury Sunday in the game with Dallas.

Nobis is definitely out for this week's clash with the San Francisco 49ers and if the operation is necessary he could be lost for the season—which would be a near-disaster for the Falcons.

Add up to \$10,400.00 to your health protection for only 25¢

(TO ENROLL
ENTIRE FAMILY
FIRST MONTH)

ACT NOW — YOU MUST MAIL ENROLLMENT FORM BELOW BY MIDNIGHT, THURSDAY, OCTOBER 23, OR IT CANNOT BE ACCEPTED

Here are the questions you'd normally ask your insurance man. But we answered them instead . . . so you would be able to insure yourself, right from this page. (You'll be amazed how much it saves you.)

1 When can I collect up to \$10,400.00?

Every time you are confined to the hospital you collect \$100.00 a week to a maximum of \$10,400.00 cash. Not just once, but for every new confinement! And you collect cash not just for yourself but for every covered member of your family — including spouse and children!

2 How can I collect up to \$10,010.00 extra cash — if I'm 65 or over?

If you are 65 or over, we pay you \$70.00-a-week extra cash for the first 13 weeks and \$100.00 weekly while continuously hospitalized afterwards, in addition to Medicare benefits. This is extra. You collect for each illness or injury — each time you go to the hospital. Right up to a maximum benefit of \$10,010.00 extra cash!

3 When do I collect up to \$2,000.00 extra cash for accidents?

We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes — even if it happens as long as 90 days after the accident. This is all extra money. You collect it on top of any other benefits we pay you. Not just for yourself but for every covered member of your family!

4 What if I am hospitalized by the same illness — again?

Don't worry. You still collect to the maximum of \$10,400.00. And if you've already resumed full normal activities for just 180 days — we call it a "new confinement". Which means

you can collect all over again, up to another maximum of \$10,400.00!

5 If I collect more money than my medical bills cost — do I keep the extra cash?

You certainly do! We pay you \$100.00 cash every week — even if your bills add up to just part of that amount! So it's possible to come out of the hospital with extra cash — AND IT'S ALL 100% TAX FREE!

6 If I already have some health insurance — will you pay me anyway?

Of course! Never mind what you collect from Blue Cross, or Major Medical, or Workmen's Compensation, or any insurance you may have with other companies. (Even for the same illness!) We still pay you \$100.00-a-week extra cash income to the maximum of \$10,400.00 cash. So if other insurance has taken care of some — or even all — of your medical bills . . . you still have that extra cash income from Presidential.

7 Do you pay me cash for my children, too?

Yes! And not just once but every time they are hospitalized, too! When you have Coverage for Children you receive \$600.00-a-week extra cash to a maximum of \$6,240.00 for each dependent child between the ages of 1 month and 19 years.

8 Will "future" children be protected, too?

They surely will! And at no extra cost. When you have Coverage for Children (with or without Maternity Benefits), newborn children are automatically covered as soon as they are one month old.

9 Will you pay me \$100.00-a-week cash — even for maternity care?

Yes, even when pregnancy requires hospitalization. Many health plans DON'T cover maternity expense. But under this Plan with Coverage for Children and Maternity Benefits, you collect \$100.00 a week for each pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents must be enrolled in the Plan for the entire pregnancy.)

10 Are there times I might collect as much as \$20,800.00 . . . as much as \$41,600.00?

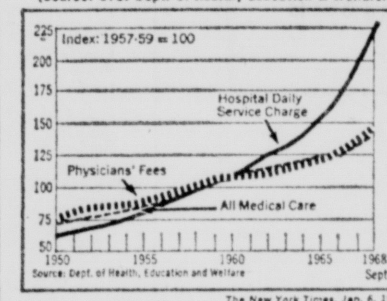

Yes, there are! Remember, we pay cash not just for you but for every covered member of your family. So if you or your spouse are hospitalized more than once . . . or even both of you more than once . . . or if a child gets sick or has an accident — you could end up collecting \$20,800.00 or more! And that's not the whole story. Presidential gives policyowners an EXTRAORDINARY DOUBLE-CASH BENEFIT: If you and your covered spouse are in an accident and both of you have to go to the hospital at the same time, Presidential pays double cash amounts. You collect not \$100.00, but \$200.00 a week. Your spouse collects not \$100.00, but \$200.00 a week. That's \$400.00-a-week extra cash. Yes, \$400.00 you can count on week after week — for as long as both of you remain in the hospital . . . for 104 weeks (and to a maximum of \$41,600.00 worth of benefits!) if necessary.

11 Can I spend my cash benefits any way I please?

Certainly! You can even put them in the bank to replace savings spent while you were laid up in the hospital without income. It's your money — and all the cash comes direct to you, not to the doctor or hospital. (Unless, of course, you ask us to.)

Medical Costs Skyrocketing!

(Source: U.S. Dept. of Health, Education & Welfare)

United States Government figures reveal your present health protection . . . may no longer protect you against today's rising medical costs! Don't leave your loved ones defenseless! Act at once to add coverage that provides to a maximum of \$10,400.00 health protection for only 25¢ for the first month for you and your entire family.

12 What do others have to say about Presidential?

"Let me say the full payment as per the policy was most gratifying. There was doubt in our minds for some time especially where we started with only a first payment of 25¢, but that doubt now has been completely erased. The settlement definitely was in full payment for the time in the hospital and our sincere thanks for the check."

LETHA SCHRECKENGAST,
Cedar Rapids, Iowa

"Just a few words to thank you for the prompt manner in which you settled my claim. I certainly will recommend Presidential Life Ins. to my friends."

MRS. SYLVIA LEVIN,
Los Angeles, California

13 Can I stop paying premiums during an extra long hospitalization — yet still remain fully covered?

Yes, indeed! All premiums that come due after you — the person to whom the Policy is issued — are in the hospital just 8 weeks or more . . . do not have to be paid by you! We pay all premiums that come due for you and all covered Family Members as long as you are hospitalized. You simply go right on collecting your full \$100.00-a-week extra cash just as if you were paying the premiums yourself.

14 How can you give me so much — for so little?

Because you deal direct with the company — direct with Presidential itself! No middleman needed! Costly "processing charges" are eliminated. So is "red tape". You handle each simple step yourself — in your own home . . . in your own good time . . . by making up your own mind. And of course, dealing by mail is confidential. No one need know your personal affairs — except you!

15 Doesn't enrolling by mail take away the "personal" touch?

Certainly not! We give you more personal service, not less. But instead of getting it when you sign up — YOU GET IT WHEN YOU HAVE A CLAIM! That's where it really means something. And that's where Presidential gives you plenty of service.

16 All right, now that you mention it — how do I go about submitting a claim?

As a Presidential policyowner, you're entitled to contact FAST CLAIM HEAD-QUARTERS direct. No frantic attempts to locate your broker. No anxious waiting. If you have a claim for illness or injury, don't hesitate — CONTACT US DIRECT! Even if you only have a question! Don't worry about "inconveniencing" or "annoying" anyone. WE ARE ALWAYS READY AND HAPPY

TO GIVE YOU THE PROMPT, COURTEOUS AND DIRECT ATTENTION YOU ARE ENTITLED TO AS OUR POLICY-OWNER!

17 How else do you save me money by cutting "red tape"?

No long complicated applications or embarrassing personal "investigations"! The short Enrollment Form on this page tells us all we need to know. Notice it doesn't ask for a medical examination. Or set an age limit (As long as you have not been refused or had cancelled any health, hospital or life insurance for reasons of health, we don't care if you're over 100!). Most important, we enroll many persons simultaneously! Not one Policy at a time, the old-fashioned way, but thousands at once — using all the economies of mass printing and latest computer techniques. That's how we can give you so much for only 25¢.

18 Now tell me what's the "catch" — what doesn't my Policy cover?

Get ready for a welcome surprise. Your Policy pays during hospital confinement for EVERYTHING except conditions caused by: war or act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your protection — but even this "exclusion" is done away with after you've been a policyowner for two years. Everything else is definitely covered. The last item, by the way, is a real help if you already have a health problem. It means that even if you were sick before you took out this Policy — you will be covered for any recurrences of that condition after the Policy has been in effect for only two years.

19 If I'm hospitalized less than a week — do you still pay in full?

Of course we do! Regardless of whether you are in the hospital for as little as one day — or as long as a week, month, year or more — you always collect the full amount you are entitled to!

20 Does this Plan pay in any hospital?

You are covered for care in the hospital of your choice except, of course, a U.S. Government hospital or a nursing or convalescent facility.

21 Is there any "waiting period" before I can start collecting?

Sickness has no "waiting period" — so neither does Presidential! You start collecting as soon as you enter the hospital.

22 Will my protection be cancelled for any reason?

No — positively not! Only you can cancel! This Plan is GUARANTEED-RENEWABLE-FOR-LIFE! That means regardless of how much or how often you collect . . . or how old you become . . . we can never cancel your valuable protection.

23 Why do I need this \$100.00-a-week cash protection?

Because U.S. Government figures show that in the past few years alone . . . medical costs have DOUBLED! Yet few people have anywhere near enough protection to meet these soaring doctor and hospital bills. How much would a long hospital stay cost you? Or a loved one? How would you ever pay for costly X-rays, doctor bills, medicines and drugs not covered by your present insurance? Would you be able to afford the quiet and dignity of a private room and a private nurse? Or a telephone to keep in touch with loved ones. Or the rental of a TV set to help pass the lonely hours? And who would pay for rent, food, clothing, and household expenses — all the non-

NO AGE LIMIT — NO MEDICAL EXAMINATION

PAYS a maximum of \$10,400.00 cash for each hospital stay!

PAYS in addition to any other companies' coverage you have — even Medicare

PAYS \$100.00-a-week extra cash starting your first day in hospital!

PAYS \$70.00-a-week cash for 13 weeks and \$100.00 weekly afterwards — on top of Medicare — if you are 65 or over!

PAYS a maximum of \$6,240.00 extra cash for every covered child!

PAYS \$100.00-a-week extra cash for pregnancy!

PAYS a maximum of \$41,600.00 if an accident puts you and your spouse in the hospital at the same time!

PAYS a maximum of \$2,000.00 extra cash for loss of limbs or eyesight!

PAYS cash for every new confinement of every covered family member!

PAYS all cash direct to you (NOT to doctor or hospital)!

PAYS all cash 100% tax-free — to spend as you wish!

GUARANTEED RENEWABLE FOR LIFE. At last, a hospital plan that guarantees never to cancel your protection.

27 How much does this protection cost after the first month?

Here's a rate chart that shows you the exact monthly cost to cover yourself, your spouse, and any adult dependents. Naturally, at these low rates, we can issue only one policy of this type per person. Each adult, 16 or over, pays the rate shown for his or her age.

Age at Enrollment	Monthly Renewal Premium
16-44	only \$3.45
45-49	only \$3.95
50-54	only \$4.45
55-59	only \$4.95
60-69	only \$5.95
70-74	only \$6.95
75 and over	only \$8.95

Only \$2 more covers all your dependents, unmarried children . . . from the age of 1 month through 18 years. And then, if you wish, just add \$1 more to that, and you're completely covered for Maternity Benefits, too! Newborn children are covered automatically at the age of one month — at no additional cost!

NOTE: The regular monthly premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next. Once you have enrolled, your rate can never be changed because of how much or how often you collect from us — or because of advanced age — but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

28 What should I know about your company?

Dunne's Insurance Report, the world's largest reporting service, gives Presidential a rating of "A+ EXCELLENT." There is no higher rating a company can attain.

29 How do I enroll?

If what you have read on this page makes good honest sense to you . . . if you find yourself agreeing with thousands of other Americans who welcome this sensible way to save money by "insuring themselves" — then by all means act on your own good instincts and mail the Enrollment Form with 25¢ now! Please act without delay. NO SALESMAN WILL CALL. And you'll have plenty of time after you mail the Enrollment Form to change your mind. (There's a money-back guarantee with no obligation.) Please mail it NOW — because once accident or illness strikes — it's TOO LATE to buy protection at any price. Remember, the sooner you mail your form, the sooner your protection will start. So act today — before anything unexpected happens.

To the best of my knowledge and belief neither I nor any person listed above has been refused or had cancelled any health, hospital or life insurance coverage due to reasons of health. I hereby apply for the Extra Cash Hospital Plan. I understand that I, and any person listed above will be covered under this Policy for a recurrence of any injury or sickness I (we) had before the Effective Date of this Policy after two years from Effective Date, but not before; and that this Policy shall not be in force until the Effective Date shown in the Policy Schedule. I am enclosing \$25 for the first month's premium for coverage for myself and all other Family Members listed above.

Add up to \$10,400.00 to your health protection for only 25¢

(TO ENROLL
ENTIRE FAMILY
FIRST MONTH)

ACT NOW — YOU MUST MAIL ENROLLMENT FORM BELOW BY MIDNIGHT, THURSDAY, OCTOBER 23, OR IT CANNOT BE ACCEPTED

Here are the questions you'd normally ask your insurance man. But we answered them instead . . . so you would be able to insure yourself, right from this page. (You'll be amazed how much it saves you.)

1 When can I collect up to \$10,400.00?

Every time you are confined to the hospital you collect \$100.00 a week to a maximum of \$10,400.00 cash. Not just once, but for every new confinement! And you collect cash not just for yourself but for every covered member of your family — including spouse and children!

2 How can I collect up to \$10,010.00 extra cash—if I'm 65 or over?

If you are 65 or over, we pay you \$70.00-a-week extra cash for the first 13 weeks and \$100.00 weekly while continuously hospitalized afterwards. In addition to Medicare benefits. This is extra. You collect for each illness or injury—each time you go to the hospital. Right up to a maximum benefit of \$10,010.00 extra cash!

3 When do I collect up to \$2,000.00 extra cash for accidents?

We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes—even if it happens as long as 90 days after the accident. This is all extra money. You collect it on top of any other benefits we pay you. Not just for yourself but for every covered member of your family!

4 What if I am hospitalized by the same illness—again?

Don't worry. You still collect to the maximum of \$10,400.00. And if you've already resumed full normal activities for just 180 days—we call it a "new confinement". Which means

you can collect all over again, up to another maximum of \$10,400.00!

5 If I collect more money than my medical bills cost—do I keep the extra cash?

You certainly do! We pay you \$100.00 cash every week—even if your bills add up to just part of that amount! So it's possible to come out of the hospital with extra cash — AND IT'S ALL 100% TAX FREE!

6 If I already have some health insurance—will you pay me anyway?

Of course! Never mind what you collect from Blue Cross, or Major Medical, or Workmen's Compensation, or any insurance you may have with other companies. (Even for the same illness!) We still pay you \$100.00-a-week extra cash income to the maximum of \$10,400.00 cash. So if other insurance has taken care of some—or even all—of your medical bills . . . you still have that extra cash income from Presidential.

7 Do you pay me cash for my children, too?

Yes! And not just once but every time they are hospitalized, too! When you have Coverage for Children you receive \$600.00-a-week extra cash to a maximum of \$6,240.00 for each dependent child between the ages of 1 month and 19 years.

8 Will "future" children be protected, too?

They surely will! And at no extra cost. When you have Coverage for Children (with or without Maternity Benefits), newborn children are automatically covered as soon as they are one month old.

9 Will you pay me \$100.00-a-week cash—even for maternity care?

Yes, even when pregnancy requires hospitalization. Many health plans DON'T cover maternity expense. But under this Plan with Coverage for Children and Maternity Benefits, you collect \$100.00 a week for each pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents must be enrolled in the Plan for the entire pregnancy.)

10 Are there times I might collect as much as \$20,800.00 . . . as much as \$41,600.00?

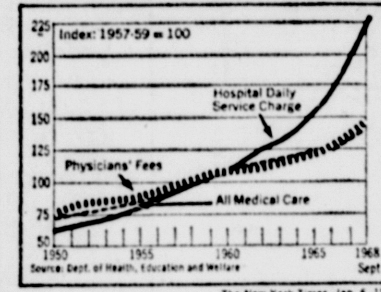

Yes, there are! Remember, we pay cash not just for you but for every covered member of your family. So if you or your spouse are hospitalized more than once . . . or even both of you more than once . . . or if a child gets sick or has an accident . . . you could end up collecting \$20,800.00 or more! And that's not the whole story. Presidential gives policyowners an EXTRAORDINARY DOUBLE-CASH BENEFIT: If you and your covered spouse are in an accident and both of you have to go to the hospital at the same time, Presidential pays double cash amounts. You collect not \$100.00, but \$200.00 a week. Your spouse collects not \$100.00, but \$200.00 a week. That's \$400.00-a-week extra cash. Yes, \$400.00 you can count on week after week—for as long as both of you remain in the hospital . . . for 104 weeks (and to a maximum of \$41,600.00 worth of benefits!) if necessary.

11 Can I spend my cash benefits any way I please?

Certainly! You can even put them in the bank to replace savings spent while you were laid up in the hospital without income. It's your money — and all the cash comes direct to you, not to the doctor or hospital. (Unless, of course, you ask us to.)

Medical Costs Skyrocketing!

(Source: U.S. Dept. of Health, Education & Welfare)

United States Government figures reveal your present health protection . . . may no longer protect you against today's rising medical costs! Don't leave your loved ones defenseless! Act at once to add coverage that provides to a maximum of \$10,400.00 health protection for only 25¢ for the first month for you and your entire family.

12 What do others have to say about Presidential?

"Let me say the full payment as per the policy was most gratifying. There was doubt in our minds for some time especially where we started with only a first payment of 25¢, but that doubt now has been completely erased. The settlement definitely was in full payment for the time in the hospital and our sincere thanks for the check." LETHA SCHRECKENGAST, Cedar Rapids, Iowa

"Just a few words to thank you for the prompt manner in which you settled my claim. I certainly will recommend Presidential Life Ins. to my friends." MRS. SYLVIA LEVIN, Los Angeles, California

13 Can I stop paying premiums during an extra long hospitalization—yet still remain fully covered?

Yes, indeed! All premiums that come due after you—the person to whom the Policy is issued—are in the hospital just 8 weeks or more . . . do not have to be paid by you! We pay all premiums that come due for you and all covered Family Members as long as you are hospitalized. You simply go right on collecting your full \$100.00-a-week extra cash just as if you were paying the premiums yourself.

14 How can you give me so much—for so little?

Because you deal direct with the company — direct with Presidential itself! No middleman needed! Costly "processing charges" are eliminated. So is "red tape". You handle each simple step yourself — in your own home . . . in your own good time . . . by making up your own mind. And of course, dealing by mail is confidential. No one need know your personal affairs — except you!

15 Doesn't enrolling by mail take away the "personal" touch?

Certainly not! We give you more personal service, not less. But instead of getting it when you sign up—YOU GET IT WHEN YOU HAVE A CLAIM! That's where it really means something. And that's where Presidential gives you plenty of service.

16 All right, now that you mention it—how do I go about submitting a claim?

As a Presidential policyowner, you're entitled to contact FAST CLAIM HEAD-QUARTERS direct. No frantic attempts to locate your broker. No anxious waiting. If you have a claim for illness or injury, don't hesitate—CONTACT US DIRECT! Even if you only have a question! Don't worry about "inconveniencing" or "annoying" anyone. WE ARE ALWAYS READY AND HAPPY

TO GIVE YOU THE PROMPT, COURTEOUS AND DIRECT ATTENTION YOU ARE ENTITLED TO AS OUR POLICY-OWNER!

17 How else do you save me money by cutting "red tape"?

No long complicated applications or embarrassing personal "investigations"! The short Enrollment Form on this page tells us all we need to know. Notice it doesn't ask for a medical examination. Or set an age limit (As long as you have not been refused or had cancelled any health, hospital or life insurance for reasons of health, we don't care if you're over 100!). Most important, we enroll many persons simultaneously! Not one Policy at a time, the old-fashioned way, but thousands at once—using all the economies of mass printing and latest computer techniques. That's how we can give you so much for only 25¢.

18 Now tell me what's the "catch"—what doesn't my Policy cover?

Get ready for a welcome surprise. Your Policy pays during hospital confinement for EVERYTHING except conditions caused by: war or act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your protection — but even this "exclusion" is done away with after you've been a policyowner for two years. Everything else is definitely covered. The last item, by the way, is a real help if you already have a health problem. It means that even if you were sick before you took out this Policy—you will be covered for any recurrences of that condition after the Policy has been in effect for only two years.

19 If I'm hospitalized less than a week—do you still pay in full?

Of course we do! Regardless of whether you are in the hospital for as little as one day—or as long as a week, month, year or more—you always collect the full amount you are entitled to!

20 Does this Plan pay in any hospital?

You are covered for care in the hospital of your choice except, of course, a U.S. Government hospital or a nursing or convalescent facility.

21 Is there any "waiting period" before I can start collecting?

Sickness has no "waiting period"—so neither does Presidential! You start collecting as soon as you enter the hospital.

22 Will my protection be cancelled for any reason?

No—positively not! Only you can cancel! This Plan is GUARANTEED—RENEWABLE-FOR-LIFE! That means regardless of how much or how often you collect . . . or how old you become . . . we can never cancel your valuable protection.

23 Why do I need this \$100.00-a-week cash protection?

Because U.S. Government figures show that in the past few years alone . . . medical costs have DOUBLED! Yet few people have anywhere near enough protection to meet these soaring doctor and hospital bills. How much would a long hospital stay cost you? Or a loved one? How would you ever pay for costly X-rays, doctor bills, medicines and drugs not covered by your present insurance? Would you be able to afford the quiet and dignity of a private room and a private nurse? Or a telephone to keep in touch with loved ones. Or the rental of a TV set to help pass the lonely hours? And who would pay for rent, food, clothing, and household expenses—all the non-
